The local Recreation board Monday night was granted use of the new high school cafeteria for Friday and Saturday "teen-age" dances.

Meeting at the superintendent's office in the local high school, the executive board of the Gettysburg joint school system put its approval on plans of the Recreation association to use the cafeteria for dances with one string attached—the association must get approval from the cafeteria manager and arrange with her for use of the kitchen in connection with serving ice cream, sandwiches, soft drinks and other refreshments at the dances.

The board also took up the matter of administering the loyalty oath to the more than 100 employees of the school system; decided to place school bus stop signs along the routes of its transportation system, and learned down to the penny how each of the districts will have to pay toward the operation of the jointure this year.

Decision to grant use of the cafeteria for the dances came after Attorney Richard A. Brown, president of the Recreation board, appeared to outline the plans of the recreation group for use of the cafeteria. "The youngsters need someplace for supervised recreation and dancing," Brown said. "In the school system we have an ideal set-up now."

Joint Committee Busy  
"We have been holding dances in the gymnasium, but that is not too satisfactory because there are no provisions for refreshments. In the cafeteria the youngsters would have pleasant surroundings, a good dance floor, and best of all, the opportunity to have ice cream, sandwiches, soft drinks and the like along with the dances. The cafeteria has a private entrance—it can be used without going through any of the rest of the high school building. It has its own rest room facilities."

"Recreation association will provide the music for the dances, be responsible for the property, provide janitorial service and provide cafeteria service and supervision. We have of course our own director to supervise the dances and the cafeteria arrangement will be made."

## BIGLERVILLE'S GARDEN CLUB TO SELL FLOWERS

Selling flowers, plants and corseages at Easter was adopted as a project by the Biglerville Garden club at its February meeting held Monday evening at the home of Mrs. Edwin L. Minter in Biglerville with Mrs. Allen S. Stauffer serving as co-hostess.

Money raised in this way will be used in paying for dogwood trees to be planted at the approaches of the town this spring. Mrs. E. B. Romig and Mrs. O. A. Nary are serving as co-chairmen of the committee in charge of the project. Other members include Mrs. Louis P. Koonen, Mrs. W. Clayton Jester, Mrs. Allen S. Stauffer, Mrs. P. J. McGlynn and Mrs. Richard C. Walton. Orders may be placed through any member of this committee or of the club.

Rouzer's hardware store on the square in Biglerville will be headquarters for the sale for one week before Easter. Orders may be left there or the customer may see flowers and plants which will be on display at the store during that time.

## Lincoln Refused To Speak During Campaign Of 1860

Springfield, Ill., Feb. 12 (AP)—Abraham Lincoln proved nearly a century ago that a man could win the presidency without making campaign speeches.

An Illinois historian says the man who was to become the Great Emancipator refused to speak on the day's issues because he was afraid his words would be twisted. Those who pressed him were referred to his previous speeches and letters.

Dr. Harry E. Pratt, Illinois state historian, said in an interview today that Lincoln was unbending in his resolve to "keep his mouth shut" during the 1860 campaign. Pratt quoted letters attesting.

Pratt said Lincoln even refused to address a political rally in Springfield which was preceded by a procession past his home. He attended, but kept his silence.

## BOARD HANGS "RUSH" SIGN ON NEW ADDITION AT HIGH SCHOOL

Gettysburg's joint school board executive committee accepted one new school building Monday night at its meeting at the high school, placed the "rush" sign on plans for another addition to the high school and took time out to "dream" about a new elementary school center or centers which may come into existence "in two years or two decades," according to the statement of one of the board members.

Architect Alfred Hamme told the board they could accept the new approximately \$200,000 addition to the high school. He said his inspection, completed a week ago, showed that all work had been done satisfactorily with one exception—some steel lockers which were held up for a month by the shortage of steel, but which will be installed next month.

However, Hamme said, the contractor is still liable for the work. "The contractor is still liable for the work for one year. And anything your kids won't take apart during that year never will come apart."

Plans Ready In 60 Days  
In connection with the proposed addition at the north end of the high school, Hamme said he felt he could get final approval from the various state boards involved and the final plans ready for study by the board within 60 days. While no motion was put, the discussion by the directors with Hamme indicated that they hope to get construction of the addition underway as soon as possible. The new structure would contain a 1,500-seat auditorium and classrooms which would bring capacity of the school up to about 1,400 students.

Indications were that the addition will be constructed within about a year, possibly in time for the opening of the 1953-54 school year. At present, despite the additional space provided by the recently completed addition, classrooms are overcrowded at the high school and some students have "study halls" in the gymnasium and cafeteria.

With discussion of the addition to the high school out of the way, the board took up the matter of a new elementary center.

The Elementary Picture  
High Street school is "definitely to be replaced"; Lincoln school should be replaced and facilities have to be made to provide an elementary center for those youngsters still going to rural schools in the district, Superintendent Lloyd C. Keefe said.

"The only trouble is, it will take a mighty big building to take care of all joint elementary students," Dr. Keefe said.

The planning committee will meet next Monday night with representatives of a York engineering concern to discuss the possibility of using land at the local high school as a site for a new elementary center.

Need Advice On Site  
"We need expert opinion on whether the hill (the land to the north of the high school along South Stratton street) would be usable, or whether it would be cheaper and better to build on the hill."

## Dr. Hanson Is DAR Speaker For Feb. 22

Dr. Henry W. A. Hanson, Gettysburg college president, will be the speaker at a Washington birthday dinner to be held by the Gettysburg chapter of the Daughters of the American Revolution Friday evening, February 22, at 6:30 o'clock at the Hotel Gettysburg. The affair will be open to chapter members and guests.

There will be special music by Mrs. Jacob W. Heikkinen and Mrs. Martha Herman Pink. Hostesses for the affair will include: Mrs. George H. Thrush, Jr., Mrs. Edgar L. Deardorff, Mrs. J. W. Lefever, Mrs. J. D. Augustine, Mrs. Homer Young, Miss June Bigham, Mrs. Louis Campanaro, Mrs. Raymond P. Topper, Miss Margaret McMillan, Miss Elizabeth Daley, Mrs. Lyle R. Smith and Miss Selma R. Landis.

## BLAZE CAUSES \$5,000 LOSS AT STEARNS HOME

Fire, believed to have started from an overheated furnace, swept the interior of the home of Mrs. Mara E. Stearns, Gettysburg R. 2, three miles northeast of Fairfield, early this morning, causing a loss estimated by Fairfield Fire Chief Roger Myers at \$5,000.

Mrs. Stearns, well-known local writer and author, and her son, Timothy, were asleep when Mrs. Stearns was awakened at 1 o'clock by smoke and the crackling of the flames. She telephoned the Fairfield Fire company before being forced from the building.

When firemen arrived, most of the house was enveloped in smoke and flames. Chief Myers said. One pump was stationed at a creek about 1,500 feet from the house, and relayed water to a second pump.

Save Part Of Home  
Firemen prevented the complete destruction of the house, but said the interior was badly damaged. Flames did not reach the attic.

Mrs. Stearns and her son lost all their clothing and personal effects, and the furnishings of the home were said to be a complete loss. Damage to the furnishings was estimated by Chief Myers at \$3,000 and to the house at \$2,000.

Wind fanned the flames and ice formed from the hose lines. Firemen remained at the scene until 3:20 a.m. No other fire companies were called.

## MRS. A. BARNES EXPIRES AFTER 3-DAY ILLNESS

Mrs. Nannie L. Barnes, 73, wife of Allen Barnes, Gettysburg R. 4, died at the Warner hospital here Monday afternoon at 2:28 o'clock of the effects of a stroke. She suffered the stroke Saturday morning and was admitted to the hospital at that time.

A native of Frederick county, Md., and a daughter of the late Thomas G. and Hope Doyle Gallagher, she had resided for most of her life in Adams county and was a member of St. James Lutheran church here.

She and Mr. Barnes, who was her second husband, had been married for 42 years. Her first husband, Thomas Wood, died in 1907.

Funeral Thursday  
Surviving are her husband; two daughters by the first marriage, Mrs. Paul P. Osborn, Aspers R. 1, and Mrs. Earl C. Smith, Gettysburg; a son by the second marriage, Homer A. Barnes, Gettysburg; six grandchildren: one great-grandchild; a sister, Mrs. Maude Morrison, Washington, D. C., a half-sister, Mrs. Stanley Wolf, Brooklyn, N. Y., and a brother, Norris Gallagher, Washington, D. C.

Funeral services Thursday afternoon at 2 o'clock from the Bender funeral home with the Rev. Dr. Ralph R. Gresh officiating. Interment in Evergreen cemetery. Friends may call at the funeral home Wednesday evening after 7 o'clock.

## College Graduate Dies In Pittsburgh

James S. Glaes, Pittsburgh, graduate of Gettysburg college with the class of 1916, died of a heart attack at his home Sunday evening. Mr. Glaes is a former vice president of the college alumni association and taught in the Taylor-Allerdice high school, Pittsburgh, for many years. He received an honorary degree from Gettysburg several years ago.

APPOINTED JUSTICE  
Harry E. Baker, Gettysburg R. 5, was appointed Monday in Harrisburg by Governor Pine as a justice of the peace in Straban township.

## Largest Crowd In History Of Lincoln Dinners Attends 1952 Affair Here Monday Evening

With guests present from York, Dauphin, Perry and other counties, 275 Adams county Republicans Monday night honored the memory of Abraham Lincoln at the annual Lincoln Day dinner of the Adams County Republican committee at the Hotel Gettysburg and heard addresses by Edward Martin, senior United States senator from Pennsylvania, and Col. J. M. Sheads, former Gettysburg high school instructor and former president of the Adams County Historical society, now on active army duty.

The crowd attending the dinner was the largest in the history of these affairs. So many attended that not all could be seated in the dining room at one time. Tables were removed and chairs provided later, however, for the program which followed the dinner.

John H. Baschore, chairman of the county committee, was toastmaster. The dinner opened with a verse of "America," followed by the pledge to the flag and the invocation by Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church.

Remember Lincoln Address  
"The 143rd anniversary of the birth of Abraham Lincoln has special significance to Gettysburg," Col. Sheads told his audience, in one of the after dinner addresses. "Gettysburg owes its fame to the battle which was fought here July 1, 2 and 3, 1863, and to the address delivered by President Lincoln upon the dedication of the National Cemetery on November 19, 1863. The second event, (Please Turn to Page 8)

"If all over the United States the spirit of Lincoln had been kept alive—if the example of his loyalty, patriotism and love of our country had been followed—we would not now be faced with the grave dangers that threaten to destroy the American way of life."

Miss Lincoln Policy  
"If we had maintained in our foreign relations the honesty and fair dealings which were characteristic of Lincoln we would not now be faced with a foreign foe which conspires to enslave the whole world including the United States."

"We honor everything that is truly American when we assemble each year to pay tribute to the greatness of Abraham Lincoln. We honor the brave men whose valor reached supreme heights in the bloody struggle here at Gettysburg where the fate of the Union was decided."

"Lincoln's birthday should be observed as a national holiday." (Please Turn to Page 6)

## CHAMBER OPENS CAMPAIGN FOR MORE MEMBERS

Members of the board of directors of the Gettysburg Chamber of Commerce, at their February meeting Monday evening in the chamber's office in the Kadel building, instructed Richard E. Drees, chairman of the membership committee, to open the annual membership drive immediately, with the goal for 1952 set at 150 members.

N. A. Melgakes, president of the chamber, who presided at the meeting, announced that 66 of last year's members have paid their 1952 dues, and expressed the belief that others who were members last year will continue their memberships this year. The chamber had 87 members in 1951. The committee will seek to enroll a large number of new members.

Mr. Melgakes listed the 1952 paid membership to date as follows: P. and T. restaurant, Larson's cottage court, George M. Zerling, Attorney Daniel E. Teeter, Peoples Drug store, Bender Funeral home; I. H. Crouse and Sons, Littlestown; Bulleit and Bulleit, Bender's Cut Rate store, Glenn L. Bream, Inc., Warren Chevrolet Sales, Thrift Plan of Pennsylvania. (Continued on Page 7)

## ANNUAL YWCA MEETING SET FOR MARCH 27

Thursday, March 27, was set as the date for the annual membership meeting of the Gettysburg YWCA at the February meeting of the board of directors of the "Y" Monday evening at the association building. The board president, Mrs. Raymond Sammel, presided.

At the annual meeting in March, annual reports will be presented and the election of directors will be held.

A committee headed by Mrs. William H. Pensil, membership chairman, was appointed to make arrangements for the annual session. It includes Mrs. Edward J. Nowicki, Jr., Mrs. Frank H. Kramer, Miss Verna Kitzmiller, Miss Caroline Fissel and Miss Marion Blount.

1,336 At Meetings  
The statistical report submitted by Miss Ruth Doud, executive secretary, showed there were 64 meetings held at the "Y" building last month with a total attendance of 1,336.

An appeal was made for two members of the YWCA to volunteer as Red Cross blood donors for the February 28 bloodmobile visit or the March Blood Donor day.

Mrs. Lee M. Hartman conducted the opening devotions.

## Text Of Address By Sen. Martin At Lincoln Dinner

"If we, in our generation, had matched the courage and the common sense of Lincoln, we would not now be threatened with the danger of moral collapse and financial bankruptcy," Edward Martin, senior United States senator from Pennsylvania, told an overflow crowd of more than 250 at the annual Lincoln Day dinner of the Adams County Republican committee Monday night at the Hotel Gettysburg.

"I am sincerely and highly honored by the privilege of joining the patriotic citizens of Adams county in your impressive Lincoln Day celebration. On this historic soil, consecrated by the blood of heroes, you have kept alive the spirit of the Great Emancipator. Here in Adams county you have upheld the highest principles of Americanism that have come down to us through toil and sacrifice in each generation."

"If all over the United States the spirit of Lincoln had been kept alive—if the example of his loyalty, patriotism and love of our country had been followed—we would not now be faced with the grave dangers that threaten to destroy the American way of life."

## MONTH-OLD BABE IS FOUND DEAD

A month-old infant was found dead in its crib at 9:30 o'clock this morning, and Dr. C. G. Crist, Adams county coroner, said death was due to suffocation by the child's bed clothing. He issued a certificate of accidental death.

The youngster is Bruce Dean Williams, son of Mr. and Mrs. Clyde E. Williams, Jr., of 134 Carlisle street. His age was one month and 12 days.

He was born in Gettysburg and, besides his parents, is survived by his paternal grandparents, Mr. and Mrs. Clyde E. Williams, Sr., and his maternal grandparents, Mr. and Mrs. Lawrence A. Storer, all of Gettysburg.

Funeral arrangements have not been completed.

## YOUTH EXPIRES THIS MORNING

Frank James Stinson, 17, only son of Dr. and Mrs. Oscar H. Stinson, of Emmitsburg, died early this morning at the Warner hospital after an illness of four months. He was a member of the Junior class of the Emmitsburg high school.

Besides his parents he is survived by the following sisters: Mrs. Norman E. Gaiser, Little Rock, Ark.; Mrs. Thomas S. Bittie, Emmitsburg; Mrs. George H. Gillelan, Baltimore; Mrs. Thomas J. Norris, Jr., Emmitsburg; and Miss Barbara Sue Stinson, at home; and the following uncles and aunts: Dr. A. J. Morely, Toronto, Canada; Dr. A. M. Stinson, Stewartstown, Pa.; Mrs. Francis J. Campbell, Baltimore; Robert V. Kerrigan, Philadelphia; J. Ward Kerrigan, Emmitsburg; Mrs. George D. Paxson, Arlington, Va.; and LeFevre Kerrigan, Littlestown.

Funeral services will be conducted at the home at 2 o'clock Thursday afternoon by the Rev. Philip Bower, pastor of the Lutheran church of which the deceased was a member, with interment in Mountain View cemetery.

The family requests that flowers be omitted.

## Arendtsville PTA Meeting Wednesday

A meeting of the Arendtsville grade school Parent-Teachers' association will be held Wednesday evening at 7:30 o'clock in the school building.

Dr. David C. Fetterbaugh, York, a child specialist, will address the adult group in the cafeteria. Movies will be shown to the children in the auditorium.

## HOLD HEARING ON INDUCTIVE REORGANIZATION

Reorganization of the local Inductive Equipment Corporation moved a step nearer realization Monday afternoon with a hearing before Walter H. Compton, United States referee in bankruptcy. The hearing was held in Harrisburg.

If the plan is approved by Compton, and if it is in turn approved by a vote of the creditors and stockholders and then receives final approval from federal court, the Essex Wire corporation will become sole owners of the Inductive plant, assets and rights by virtue of the reorganization.

According to the plan as submitted to Compton by John W. Hennessey, trustee for Inductive Equipment, the Essex corporation will pay \$219,927.50 for Inductive. Hennessey said the plan provides that he pay all court fees, taxes, wage claims and a preferred note to the Drovers and Mechanics National bank of York for \$1,521.22.

To Void Common Stock  
Hennessey added that he will distribute \$161,460 to the bondholders, settle other claims, declare null and void all outstanding common stock and issue 100 shares of a new common stock to the Essex corporation at a par value of \$10 a share. This new issue of stock would be the only outstanding stock of the Inductive corporation.

While the reorganization plan is being considered, the Inductive plant here has been leased for a 12-month period to Essex Wire, Hennessey said.

Essex, which took over the plant January 15, is to pay \$500 a month rent if the reorganization plan is approved and \$1,000 a month if it is not approved, Hennessey said.

## MARRIED MEN TO BE CALLED FOR INDUCTION

Twenty-one Adams county men will be notified Wednesday that they are to report for induction into the armed forces February 26.

The county selective service board reported it has received a call for that number and that the notices will be sent out Wednesday morning. No names were announced pending the sending of the notices and final decision of which men are to appear to fill the quota. Usually one or several have enlisted in the armed forces between physical examination and the induction call, and others have to be selected to fill those vacancies.

Call Married Men  
Most of the men will be married men, and while a number are from among the 32 who took physical examinations in January, many will be from groups who took the exams in prior months.

The board said that since the calls place the oldest registrants first, some of those called are those who received physicals in 1950. They will have to undergo another physical when they appear at Harrisburg for induction, but will go directly into the armed forces if they pass.

The men will report to the selective service board in the First National bank building at 6:30 a.m. and will leave for Harrisburg at 7 o'clock. The group is one of the largest called in several months. In January only five were inducted.

Frank James Stinson, 17, only son of Dr. and Mrs. Oscar H. Stinson, of Emmitsburg, died early this morning at the Warner hospital after an illness of four months. He was a member of the Junior class of the Emmitsburg high school.

Besides his parents he is survived by the following sisters: Mrs. Norman E. Gaiser, Little Rock, Ark.; Mrs. Thomas S. Bittie, Emmitsburg; Mrs. George H. Gillelan, Baltimore; Mrs. Thomas J. ## Communists Are Preparing New Plan For Korean Peace; Two Concessions Made By Foe

Seoul, Korea, Feb. 12 (AP)—United Nations' soldiers today killed 96 Reds and wounded 130 in a fight near the Mundung valley on the eastern Korean war front—the heaviest single action in weeks.

The casualties were announced in a U. S. Eighth Army communique. The communique did not say whether the Allies suffered any losses.

Elements of a group of 420 Communists struck Allied positions near the valley in two places three minutes apart. In less than an hour the Allies had driven back both attacks.

A group of 150 Reds made the first attack. A band of 60 made the second. Part of the total 226 enemy casualties was from the balance of the Reds' original 420 men, observed earlier approaching down the Mundung valley from the north.

Beat Off Attacks  
The valley is just west of Heartbreak ridge, a craggy range of mountains captured by American troops in a month-long fight last fall. West of the valley are other tall, snow-covered mountains.

Enemy troops east of the valley are North Koreans. Chinese Reds hold the area to the west.

An Eighth army communique gave no indication whether the attacks were by North Koreans or Chinese.

Other Red probing attacks were reported all along the 155-mile front. In one of these, on the central front, west of the Pukhan river, 12 men of an enemy platoon were killed. In all other probing attacks, the Reds were beaten off or withdrew.

An overcast sky held down fighter-bomber attacks in North Korea. By noon only about 80 planes had gone out to attack Red supply lines.

Communists proposed letting Red Cross teams work out their own agreement on specific jobs and methods of working. Brig. Gen. William P. Nuckolls, official U. N. spokesman, said this would give the Reds an "automatic veto" over Red Cross activities.

Before offering to produce a new set of Red policy recommendations, North Korean Gen. Nam Il accepted the Allied position that whatever recommendations are adopted would not be binding on the proposed last high level political conference.

PITZER RETURNS FROM ELK TOUR  
H. Earl Pitzer, Aspers, president of the Pennsylvania Elk State association, has returned from a three-weeks' tour through eight states in the interest of the Elk blood donor pledge to the armed forces.

With Mr. Pitzer were Hubert Gallagher, former exalted ruler of the local lodge and now tyler of the state association and Howard Davis, Williamsport, grand exalted ruler.

The trio visited Elk lodges and veterans' hospitals in Maryland, Virginia, North and South Carolina, Tennessee, Georgia, Alabama and Florida.

"Every Elk lodge we visited is maintaining its quota of blood donations and most of them assured us that they will exceed their quota," Mr. Pitzer said. "If every American could visit some of the hospitals and see the wounded veterans from Korea, our national blood donor problem would be solved overnight," he added.

Mr. Pitzer leaves Wednesday for Pittsburgh where he will confer with Elk officials of the southwest district and attend a banquet on Thursday for Grand Exalted Ruler Davis which upwards of 1,900 Elks are expected to attend.

London, Feb. 12 (AP)—Through the hushed dignity of great Westminster Hall, the somberly-clad people of Britain shuffled softly in reverent homage today past the body of King George VI.

Silent men bowed before the coffin and passed on. Silent women curtsied to the sovereign in death as they would in life.

High in the towers of the palace of Westminster, Big Ben chimed its resounding notes marking the passage of each quarter hour.

As 8 a.m. tolled, the heavy iron-scaffolded doors of the hammer-beamed hall swung slowly open.

Waited 12 Hours  
The first to bare his head beneath the freezing wind and walk solemnly into the big stone hall, was A. A. Pugh of Liverpool. He had waited on the steps for 13 hours to lead the mourning procession.

By the time the doors opened, more than 2,000 were waiting in patient line to pay respect to the king who walked among them in wartime and encouraged them to stand fast against the troubles of uneasy peace.

The throng that stood for hours was a mixture of the common folk of England.

Mrs. Charlotte Threlfall, a telephone operator, joined the patient line at 6 a.m., as she did 16 years ago when George V lay in state in the same cold hall.

Admitt 4,000 An Hour  
One of the quiet London bobbers, on duty at the door, said the mourners were being admitted at the rate of 1,200 every 15 minutes. He predicted the 200-yard line outside the door would lengthen through the day.

He recalled, though, that when George V lay in state, the queue of mourners waiting on the first morning stretched "all the way to Battersea"—two miles away.

Later in the day the line at times stretched as much as 900 yards along the north side of the Parliament buildings. It included sailors (Continued on Page 2)

Communists promised today to come up with a new plan for patching up the latest truce trouble spot—recommendations to governments for a final Korean peace.

The Reds did not indicate when it would be ready or what it would be like.

Truce negotiators adjourned their full dress meetings until the new plan is ready. Presumably it will come from Pyongyang or Peking.

Communists made two concessions Tuesday in another truce tent where staff officers are trying to work out machinery for supervising a truce.

Ask 40,000 Retaliation  
Reds offered to boost limits on monthly rotation of troops to 30,000 and establish four ports of entry for incoming troops and war materials to be inspected by neutral teams. The Allies said the figures are not high enough. They are asking a 40,000 rotation limit and eight entry ports.

The previous Red proposals were 25,000 troops and three ports.

Staff officers working on the third unsettled point of an armistice remained split on two issues and a number of "minor places and wording," said Col. George W. Hickman, Allied staff officer.

WEATHER FORECAST  
Fair and a little colder tonight.  
Wednesday, increasing cloudiness  
and slowly rising temperatures.

## Recreation Board Granted Use Of High School Cafeteria For Teen-age Dances On Week-ends

The local Recreation board Monday night was granted use of the new high school cafeteria for Friday and Saturday "teen-age" dances.

Meeting at the superintendent's office in the local high school, the executive board of the Gettysburg joint school system put its approval on plans of the Recreation association to use the cafeteria for dances with one string attached — the association must get approval from the cafeteria manager and arrange with her for use of the kitchen in connection with serving ice cream, sandwiches, soft drinks and other refreshments at the dances.

The board also took up the matter of administering the loyalty oath to the more than 100 employees of the school system; decided to place school bus stop signs along the routes of its transportation system, and learned down to the penny how each of the districts will have to pay toward the operation of the jointure this year.

Decision to grant use of the cafeteria for the dances came after Attorney Richard A. Brown, president of the Recreation board, appeared to outline the plans of the recreation group for use of the cafeteria. "The youngsters need someplace for supervised recreation and dancing," Brown said. "In the school system we have an ideal set-up now."

**Joint Committee Busy**  
"We have been holding dances in the gymnasium, but that is not too satisfactory because there are no provisions for refreshments. In the cafeteria the youngsters would have pleasant surroundings, a good dance floor, and best of all, the opportunity to have ice cream, sandwiches, soft drinks and the like along with the dances. The cafeteria has a private entrance — it can be used without going through any of the rest of the high school building. It has its own rest room facilities."

"Recreation association will provide the music for the dances, be responsible for the property, provide janitorial service and provide cafeteria service and supervision. We have of course our own director to supervise the dances and the cafeteria arrangement will be made (Continued on Page 5)

## BIGLERVILLE'S GARDEN CLUB TO SELL FLOWERS

Selling flowers, plants and corsages at Easter was adopted as a project by the Biglerville Garden club at its February meeting held Monday evening at the home of Mrs. Edwin L. Minter in Biglerville with Mrs. Allen S. Stauffer serving as co-hostess.

Money raised in this way will be used in paying for dogwood trees to be planted at the approaches of the town this spring. Mrs. E. B. Romig and Mrs. O. A. Nary are serving as co-chairmen of the committee in charge of the project. Other members include Mrs. Louis P. Kooker, Mrs. W. Clayton Jester, Mrs. Allen S. Stauffer, Mrs. P. J. McGlynn and Mrs. Richard C. Walton. Orders may be placed through any member of this committee or of the club.

Rouzier's hardware store on the square in Biglerville will be headquarters for the sale for one week before Easter. Orders may be left there or the customer may see flowers and plants which will be on display at the store during that (Please turn to page 8)

## Lincoln Refused To Speak During Campaign Of 1860

Springfield, Ill., Feb. 12 (AP) — Abraham Lincoln proved nearly a century ago that a man could win the presidency without making campaign speeches.

An Illinois historian says the man who was to become the Great Emancipator refused to speak on the day's issues because he was afraid his words would be twisted. Those who pressed him were referred to his previous speeches and letters.

Dr. Harry E. Pratt, Illinois state historian, said in an interview today that Lincoln was unbending in his resolve to "keep his mouth shut" during the 1860 campaign. Pratt quoted letters attesting.

Pratt said Lincoln even refused to address a political rally in Springfield which was preceded by a procession past his home. He attended, but kept his silence.

Pratt related one effort of James Gordon Bennett, New York Herald publisher, to sting Lincoln to speech. "Bennett was attempting to smoke Lincoln out and provoke him to

## BOARD HANGS "RUSH" SIGN ON NEW ADDITION AT HIGH SCHOOL

Gettysburg's joint school board executive committee accepted one new school building Monday night at its meeting at the high school, placed the "rush" sign on plans for another addition to the high school and took time out to "dream" about a new elementary school center or centers which may come into existence "in two years or two decades," according to the statement of one of the board members.

Architect Alfred Hamme told the board they could accept the new approximately \$200,000 addition to the high school. He said his inspection, completed a week ago, showed that all work had been done satisfactorily with one exception—some steel lockers which were held up for a month by the shortage of steel, but which will be installed next month.

However, Hamme said, the contractor is still liable for the work, adding: "The contractor is still liable for the work for one year. And anything your kids won't take apart during that year never will come apart."

**Plans Ready In 60 Days**  
In connection with the proposed addition at the north end of the high school, Hamme said he felt he could get final approval from the various state boards involved and the final plans ready for study by the board within 60 days. While no motion was put, the discussion by the directors with Hamme indicated that they hope to get construction of the addition underway as soon as possible. The new structure would contain a 1,500-seat auditorium and classrooms which would bring capacity of the school up to about 1,400 students.

Indications were that the addition will be constructed within about a year, possibly in time for the opening of the 1953-54 school year. At present, despite the additional space provided by the recently completed addition, classrooms are overcrowded at the high school and some students have "study halls" in the gymnasium and cafeteria.

With discussion of the addition to the high school out of the way, the board took up the matter of a new elementary center.

**The Elementary Picture**  
High Street school is "definitely to be replaced"; Lincoln school should be replaced and facilities have to be made to provide an elementary center for those youngsters still going to rural schools in the district. Superintendent Lloyd C. Keefeauver said.

"The only trouble is, it will take a mighty big building to take care of all joint elementary students," Dr. Keefeauver continued.

The planning committee will meet next Monday night with representatives of a York engineering concern to discuss the possibility of using land at the local high school as a site for a new elementary center.

**Need Advice On Site**  
"We need expert opinion on whether the hill (the land to the north of the high school along South Stratton street) would be usable, or whether it would be cheaper and (Continued on Page 2)

## Dr. Hanson Is DAR Speaker For Feb. 22

Dr. Henry W. A. Hanson, Gettysburg college president, will be the speaker at a Washington birthday dinner to be held by the Gettysburg chapter of the Daughters of the American Revolution Friday evening, February 22, at 6:30 o'clock at the Hotel Gettysburg. The affair will be open to chapter members and guests.

There will be special music by Mrs. Jacob W. Heikkinen and Mrs. Martha Herman Pink. Hostesses for the affair will include: Mrs. George H. Thrush, Jr., Mrs. Edgar L. Deardorff, Mrs. G. W. Lefever, Mrs. J. D. Augustine, Mrs. Homer Young, Miss June Bigham, Mrs. Louis Campanaro, Mrs. Raymond P. Topper, Miss Margaret McMillan, Miss Elizabeth Daley, Mrs. Lyle R. Smith and Miss Selma R. Landis.

## BLAZE CAUSES \$5,000 LOSS AT STEARNS HOME

Fire, believed to have started from an overheated furnace, swept the interior of the home of Mrs. Mara E. Stearns, Gettysburg R. 2, three miles northeast of Fairfield, early this morning, causing a loss estimated by Fairfield Fire Chief Roger Myers at \$5,000.

Mrs. Stearns, well-known local writer and author, and her son, Timothy, were asleep when Mrs. Stearns was awakened at 1 o'clock by smoke and the crackling of the flames. She telephoned the Fairfield Fire company before being forced from the building.

When firemen arrived, most of the house was enveloped in smoke and flames. Chief Myers said. One pump was stationed at a creek about 1,500 feet from the house, and relayed water to a second pump.

**Save Part Of Home**  
Firemen prevented the complete destruction of the house, but said the interior was badly damaged. Flames did not reach the attic.

Mrs. Stearns and her son lost all their clothing and personal effects, and the furnishings of the home were said to be a complete loss. Damage to the furnishings was estimated by Chief Myers at \$3,000 and to the house at \$2,000.

Wind fanned the flames and ice formed from the hose lines. Firemen remained at the scene until 3:30 a.m. No other fire companies were called.

## MRS. A. BARNES EXPIRES AFTER 3-DAY ILLNESS

Mrs. Nannie L. Barnes, 73, wife of Allen Barnes, Gettysburg R. 4, died at the Warner hospital here Monday afternoon at 2:28 o'clock of the effects of a stroke. She suffered the stroke Saturday morning and was admitted to the hospital at that time.

A native of Frederick county, Md., and a daughter of the late Thomas G. and Hope Doyle Gallagher, she had resided for most of her life in Adams county and was a member of St. James Lutheran church here. She and Mr. Barnes, who was her second husband, had been married for 42 years. Her first husband, Thomas Wood, died in 1907.

**Funeral Thursday**  
Surviving are her husband; two daughters by the first marriage, Mrs. Paul P. Osborn, Aspers R. 1, and Mrs. Earl C. Smith, Gettysburg; a son by the second marriage, Homer A. Barnes, Gettysburg; six grandchildren; one great-grandchild; a sister, Mrs. Maude Morrison, Washington, D. C., a half-sister, Mrs. Stanley Wolf, Brooklyn, N. Y., and a brother, Norris Gallagher, Washington, D. C.

Funeral services Thursday afternoon at 2 o'clock from the Bender funeral home with the Rev. Dr. Ralph R. Gresh officiating. Interment in Evergreen cemetery. Friends may call at the funeral home Wednesday evening at 7 o'clock.

## College Graduate Dies In Pittsburgh

James S. Glaes, Pittsburgh, graduate of Gettysburg college with the class of 1918, died of a heart attack at his home Sunday evening. Mr. Glaes is a former vice president of the college alumni association and taught in the Taylor-Allerdice high school, Pittsburgh, for many years. He received an honorary degree from Gettysburg several years ago.

**APPOINTED JUSTICE**

Harry E. Baker, Gettysburg R. 5, was appointed Monday in Harrisburg by Governor Pine as a justice of the peace in Straban township.

## Largest Crowd In History Of Lincoln Dinners Attends 1952 Affair Here Monday Evening

With guests present from York, Dauphin, Perry and other counties, 275 Adams county Republicans Monday night honored the memory of Abraham Lincoln at the annual Lincoln Day dinner of the Adams County Republican committee at the Hotel Gettysburg and heard addresses by Edward Martin, senior United States senator from Pennsylvania, and Col. J. M. Sheads, former Gettysburg high school instructor and former president of the Adams County Historical society, now on active army duty.

The crowd attending the dinner was the largest in the history of these affairs. So many attended that not all could be seated in the dining room at one time. Tables were removed and chairs provided later, however, for the program which followed the dinner.

John H. Basehore, chairman of the county committee, was toastmaster. The dinner opened with a verse of "America," followed by the pledge to the flag and the invocation by Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church.

**Remember Lincoln Address**  
"The 143rd anniversary of the birth of Abraham Lincoln has special significance to Gettysburg," Col. Sheads told his audience, in one of the after dinner addresses. "Gettysburg owes its fame to the battle which was fought here July 1, 2 and 3, 1863, and to the address delivered by President Lincoln upon the dedication of the National Cemetery on November 19, 1863. The second event, (Please Turn to Page 8)

## 80 BROWNIES TAKE PART IN NEW PROGRAM

A United Nations flag set the theme of 80 Brownies assembled Monday afternoon at the Christ Lutheran church with Brownie Troop 36 during which the girls observed the international "Thinking Day" program which officially occurs February 22. Guest speakers were Miss "Dusty" Reinbrecht, a Gettysburg college student from China and Miss Liselotte Soerensen, a college student from Denmark.

Miss Reinbrecht, who wore a scarlet silk Chinese blouse, is the daughter of missionaries and lived in China until she was 15. She discussed the people of the Orient as having "shiny black straight hair with bangs and braids." Two braids are worn before marriage and one afterwards. The school children, who memorize everything, use small thin text books, she explained. Everyone recites at once and the one who talks the longest receives the equivalent to the American "A."

**Few Scouts In China**  
She said that "there are very few Girl Scouts in China as it is a new idea there." The Scout uniforms are dark blue, similar to their school attire.

In contrast to the black-haired Chinese child, Miss Soerensen described the Danish child as having "blue eyes and blonde hair." They jump rope and play games similar to American children, she said. The (Please Turn to Page 8)

## ANNUAL YWCA MEETING SET FOR MARCH 27

Thursday, March 27, was set as the date for the annual membership meeting of the Gettysburg YWCA at the February meeting of the board of directors of the "Y" Monday evening at the association building. The board president, Mrs. Raymond Sammel, presided.

At the annual meeting in March, annual reports will be presented and the election of directors will be held.

A committee headed by Mrs. William H. Pensyl, membership chairman, was appointed to make arrangements for the annual session. It includes Mrs. Edward J. Nowicki, Jr., Mrs. Frank H. Kramer, Miss Verna Kitzmiller, Miss Caroline Fisel and Miss Marion Blount.

**1,336 At Meetings**  
The statistical report submitted by Miss Ruth Doud, executive secretary, showed there were 64 meetings held at the "Y" building last month with a total attendance of 1,336.

An appeal was made for two members of the YWCA to volunteer as Red Cross blood donors for the February 28 bloodmobile visit or the March Blood Donor day.

Mrs. Lee M. Hartman conducted the opening devotions.

## Text Of Address By Sen. Martin At Lincoln Dinner

"If we, in our generation, had matched the courage and the common sense of Lincoln, we would not now be threatened with the danger of moral collapse and financial bankruptcy," Edward Martin, senior United States senator from Pennsylvania, told an overflow crowd of more than 250 at the annual Lincoln Day dinner of the Adams County Republican committee Monday night at the Hotel Gettysburg.

"I am sincerely and highly honored by the privilege of joining the patriotic citizens of Adams county in your impressive Lincoln Day celebration. On this historic soil, consecrated by the blood of heroes, you have kept alive the spirit of the Great Emancipator. Here in Adams county you have upheld the highest principles of Americanism that have come down to us through toil and sacrifice in each generation."

"If all over the United States the spirit of Lincoln had been kept alive—if the example of his loyalty, patriotism and love of our country had been followed—we would not now be faced with the grave dangers that threaten to destroy the American way of life."

**Miss Lincoln Policy**  
"If we had maintained in our foreign relations the honesty and fair dealings which were characteristic of Lincoln we would not now be faced with a foreign foe which conspires to enslave the whole world including the United States."

"We honor everything that is truly American when we assemble each year to pay tribute to the greatness of Abraham Lincoln. We honor the brave men whose valor reached supreme heights in the bloody struggle here at Gettysburg where the fate of the Union was decided."

"Lincoln's birthday should be (Please Turn to Page 6)

## CHAMBER OPENS CAMPAIGN FOR MORE MEMBERS

Members of the board of directors of the Gettysburg Chamber of Commerce, at their February meeting Monday evening in the chamber's office in the Kadel building, instructed Richard E. Drees, chairman of the membership committee, to open the annual membership drive immediately, with the goal for 1952 set at 150 members.

N. A. Melgakes, president of the chamber, who presided at the meeting, announced that 68 of last year's members have paid their 1952 dues, and expressed the belief that others who were members last year will continue their memberships this year. The chamber had 87 members in 1951. The committee will seek to enroll a large number of new members.

Mr. Melgakes listed the 1952 paid membership to date as follows: F and T restaurant, Larson's cottage court, George M. Zerling, Attorney Daniel E. Teeter, Peoples Drug store, Bender Funeral home; I. H. Crouse and Sons, Littlestown; Bulleit and Bulleit, Bender's Cut Rate store, Glenn L. Bream, Inc., Warren Chevrolet Sales, Thrift Plan of Pennsylvania. (Continued on Page 7)

A meeting of the Arendtsville grade school Parent-Teachers' association will be held Wednesday evening at 7:30 o'clock in the school building.

Dr. David C. Pewterbaugh, York, a child specialist, will address the adult group in the cafeteria. Movies will be shown the children in the auditorium.

## HOLD HEARING ON INDUCTIVE REORGANIZATION

Reorganization of the local Inductive Equipment Corporation moved a step nearer realization Monday afternoon with a hearing before Walter H. Compton, United States referee in bankruptcy. The hearing was held in Harrisburg.

If the plan is approved by Compton, and if it is in turn approved by a vote of the creditors and stockholders and then receives final approval from federal court, the Essex Wire corporation will become sole owners of the Inductive plant, assets and rights by virtue of the reorganization.

According to the plan as submitted to Compton by John W. Hennessey, trustee for Inductive Equipment, the Essex corporation will pay \$219,927.50 for Inductive. Hennessey said the plan provides that he pay all court fees, taxes, wage claims and a preferred note to the Drovers and Mechanics National bank of York for \$1,521.22.

**To Void Common Stock**  
Hennessey added that he will distribute \$161,460 to the bondholders, settle other claims, declare null and void all outstanding common stock and issue 100 shares of a new common stock to the Essex corporation at a par value of \$10 a share. This new issue of stock would be the only outstanding stock of the Inductive corporation.

While the reorganization plan is being considered, the Inductive plant here has been leased for a 12-month period to Essex Wire, Hennessey said.

Essex, which took over the plant January 15, is to pay \$500 a month rent if the reorganization plan is approved and \$1,000 a month if it is not approved, Hennessey said.

## MONTH-OLD BABE IS FOUND DEAD

A month-old infant was found dead in its crib at 9:30 o'clock this morning, and Dr. C. G. Crist, Adams county coroner, said death was due to suffocation by the child's bed clothing. He issued a certificate of accidental death.

The youngster is Bruce Dean Williams, son of Mr. and Mrs. Clyde E. Williams, Jr., of 134 Carlisle street. His age was one month and 12 days. He was born in Gettysburg and, besides his parents, is survived by his paternal grandparents, Mr. and Mrs. Clyde E. Williams, Sr., and his maternal grandparents, Mr. and Mrs. Lawrence A. Stover, all of Gettysburg.

Funeral arrangements have not been completed.

## YOUTH EXPIRES THIS MORNING

Frank James Stinson, 17, only son of Dr. and Mrs. Oscar H. Stinson, of Emmitsburg, died early this morning at the Warner hospital after an illness of four months. He was a member of the Junior class of the Emmitsburg high school.

Besides his parents he is survived by the following sisters: Mrs. Norman E. Gaiser, Little Rock, Ark.; Mrs. Thomas S. Little, Emmitsburg; Mrs. George H. Gillelan, Baltimore; Mrs. Thomas J. Norris, Jr., Emmitsburg, and Miss Barbara Sue Stinson, at home; and the following uncles and aunts: Mrs. A. J. Morely, Toronto, Canada; Dr. A. M. Stinson, Stewartstown, Pa.; Mrs. Francis J. Campbell, Baltimore; Robert V. Kerrigan, Philadelphia; J. Ward Kerrigan, Emmitsburg; Mrs. George D. Paxson, Arlington, Va., and LeFevre Kerrigan, Littlestown.

Funeral services will be conducted at the home at 2 o'clock Thursday afternoon by the Rev. Philip Bower, pastor of the Lutheran church of which the deceased was a member, with interment in Mountain View cemetery.

The family requests that flowers be omitted.

## Communists Are Preparing New Plan For Korean Peace; Two Concessions Made By Foe

Seoul, Korea, Feb. 12 (AP)—United Nations' soldiers today killed 96 Reds and wounded 130 in a fight near the Mundung valley on the eastern Korean war front—the heaviest single action in weeks.

The casualties were announced in a U. S. Eighth Army communique. The communique did not say whether the Allies suffered any losses.

Elements of a group of 420 Communists struck Allied positions near the valley in two places three minutes apart. In less than an hour the Allies had driven back both attacks.

A group of 150 Reds made the first attack. A band of 60 made the second. Part of the total 228 enemy casualties was from the balance of the Reds' original 420 men, observed earlier approaching down the Mundung valley from the north.

**Beat Off Attacks**  
The valley is just west of Heartbreak ridge, a craggy range of mountains captured by American troops in a month-long fight last fall. West of the valley are other tall, snow-covered mountains.

Enemy troops east of the valley are North Koreans. Chinese Reds hold the area to the west.

An Eighth army communique gave no indication whether the attacks were by North Koreans or Chinese.

Other Red probing attacks were reported all along the 155-mile front. In one of these, on the central front west of the Pukhan river, 12 men of an enemy platoon were killed. In all other probing attacks, the Reds were beaten off or withdrew.

An overcast sky held down fighter-bomber attacks in North Korea. By noon only about 80 planes had gone out to attack Red supply lines.

## MARRIED MEN TO BE CALLED FOR INDUCTION

Twenty-one Adams county men will be notified Wednesday that they are to report for induction into the armed forces February 26.

The county selective service board reported it has received a call for that number and that the notices will be sent out Wednesday morning. No names were announced pending the sending of the notices and final decision of which men are to appear to fill the quota. Usually one or several have enlisted in the armed forces between physical examination and the induction call, and others have to be selected to fill those vacancies.

**Call Married Men**  
Most of the men will be married men, and while a number are from among the 32 who took physical examinations in January, many will be from groups who took the exams in prior months.

The board said that since the calls place the oldest registrants first, some of those called were those who received physicals in 1950. They will have to undergo another physical when they appear at Harrisburg for induction, but will go directly into the armed forces if they pass.

The men will report to the selective service board in the First National Bank building at 6:30 a.m. and will leave for Harrisburg at 7 o'clock. The group is one of the largest called in several months. In January only five were inducted.

## Men, Women And Children Are Paying Last Reverent Homage At Bier Of Late King George

London, Feb. 12 (AP)—Through the hushed dignity of great Westminster Hall, the somberly-clad people of Britain shuffled softly in reverent homage today past the body of King George VI.

Silent men bowed before the coffin and passed on. Silent women curtsied to the sovereign in death as they would in life.

High in the towers of the palace of Westminster, Big Ben chimed its resounding notes marking the passage of each quarter hour.

As 8 a.m. tolled, the heavy iron-studded doors of the hammer-beamed hall swung slowly open.

**Waited 13 Hours**  
The first to bare his head beneath the freezing wind and walk solemnly into the big stone hall was A. A. Pugh of Liverpool. He had waited on the steps for 13 hours to lead the mourning procession.

By the time the doors opened, more than 3,000 were waiting in patient line to pay respect to the king who walked among them in

Munsan, Korea, Feb. 12 (AP)—Communists promised today to come up with a new plan for patching up the latest truce trouble spot—recommendations to governments for a final Korean peace.

The Reds did not indicate when it would be ready or what it would be like.

Truce negotiators adjourned their full dress meetings until the new plan is ready. Presumably it will come from Pyongyang or Peking.

Communists made two concessions Tuesday in another truce tent where staff officers are trying to work out machinery for supervising a truce.

**Ask 40,000 Rotation**

Reds offered to boost limits on monthly rotation of troops to 30,000 and establish four ports of entry for incoming troops and war materials to be inspected by neutral teams. The Allies said the figures are not high enough. They are asking a 40,000 rotation limit and eight entry ports.

The previous Red proposals were 25,000 troops and three ports.

Staff officers working on the third unsettled point of an armistice remained split on two issues and a number of "minor places and wording," said Col. George W. Hickman, Allied staff officer.

The major differences are voluntary repatriation of prisoners of war and the scope of work to be done by joint Red Cross teams. Tuesday's session was devoted mostly to the second question. Hickman said the Reds indicated they want Red Cross operations "considerably restricted."

Communists proposed letting Red Cross teams work out their own agreement on specific jobs and methods of working. Brig. Gen. William P. Nuckolls, official U. N. spokesman, said this would give the Reds an "automatic veto" over Red Cross activities.

Before offering to produce a new set of Red policy recommendations, North Korean Gen. Nam Il accepted the Allied position that whatever recommendations are adopted would not be binding on the proposed later high level political conference.

## PITZER RETURNS FROM ELK TOUR

H. Earl Pitzer, Aspers, president of the Pennsylvania Elks State association, has returned from a three-weeks' tour through eight states in the interest of the Elks blood donor pledge to the armed forces.

With Mr. Pitzer were Hubert Gallagher, former exalted ruler of the local lodge and now tyler of the state association and Howard Davis, Williamsport, grand exalted ruler.

The trio visited Elk lodges and veterans' hospitals in Maryland, Virginia, North and South Carolina, Tennessee, Georgia, Alabama and Florida.

"Every Elk lodge we visited is maintaining its quota of blood donations and most of them assured us that they will exceed their quota," Mr. Pitzer said. "If every American could visit some of the hospitals and see the wounded veterans from Korea, our national blood donor problem would be solved overnight," he added.

Mr. Pitzer leaves Wednesday for Pittsburgh where he will confer with Elk officials of the southwest district and attend a banquet on Thursday for Grand Exalted Ruler Davis which upwards of 1,800 Elks are expected to attend.

wartime and encouraged them to stand fast against the troubles of uneasy peace.

The throng that stood for hours was a mixture of the common folk of England.

Mrs. Charlotte Threlfall, a telephone operator, joined the patient line at 6 a.m., as she did 16 years ago when George V lay in state in the same cold hall.

**Admit 4,800 An Hour**

One of the quiet London bobbies, on duty at the door, said the mourners were being admitted at the rate of 1,200 every 15 minutes. He predicted the 200-yard line outside the door would lengthen through the day.

He recalled, though, that when George V lay in state, the queue of mourners waiting on the first morning stretched "all the way to Battersea"—two miles away.

Later in the day the line at times stretched as much as 900 yards along the north side of the Parliament buildings. It included sailors (Continued on Page 3)

## TELLS ROTARY OF SCOUT TRIP

William M. "Mac" Lott, Gardner, R. D. Boy Scout, Monday evening told members of the Rotary club, at their regular meeting in the YWCA, in word and picture of his trip to Austria last summer to attend the International Boy Scout camporee.

He showed colored slides of scenes aboard ship, in Italy, France and Austria, and described his experiences enroute as well as at the camp.

### New Quartet Sings

The "Four Dry Docs," Drs. Fredrick Tibberg, Kenneth Smoke, Joseph Baker and Harold Dunkleberger, sang four numbers in their first appearance as the Rotary club's quartet. Among the numbers were "Church in the Wilderness," "Prayer," "Steal Away," and "God Be With You Till We Meet Again."

The quartet was accompanied by Jack Cromwell.

Among guests at the meeting were Hugh Shutterworth, of London, Canada; A. W. Schott and Stanley B. Stover, of Littlestown, and William Lott, Gardner R. D., father of the speaker. Fifty-three attended the meeting with the president, Dr. Bruce N. Wolff, presiding.

## Fairfield Lions Give Glasses To Kiddies

During the committee reports given at the last regular meeting of the Fairfield Lions club, Clarence E. Wilson, chairman of the Sight Conservation committee, reported that during the last year the club furnished glasses for eight children of the community. Another child received an operation for correction of the eyes at the Wills hospital, Philadelphia.

With the help of the school nurse, children in need of eye examinations are discovered and at present, six cases are being investigated.

The Lions club is sponsoring a series of Friday night card parties for raising funds to carry out the sight conservation program. The third in the series will be held at 8 p.m. Friday in the Fairfield Community hall.

At the same club meeting E. G. Adams was named chairman of a committee to plan for a play to be given in the spring.

## Inquest Planned For February 18

An inquest into the death of Miss Laverne Croft, 37, Hanover, will be held next Monday afternoon at 2:30 o'clock at the courthouse. It was announced today by Dr. C. G. Crist, Adams county coroner.

Miss Croft was fatally injured Saturday night at 10:45 o'clock when a car operated by her brother, Roland Harry Croft, 30, Spring Grove R. 3, ran off the road and overturned in a field a mile and a quarter south of Hampton.

### Birth Announcements

Mr. and Mrs. B. H. Grim, Hampton, announce the birth of a daughter, announced the birth of a daughter at the Hanover hospital Monday.

Mr. and Mrs. Donald Staub, Littlestown, announce the birth of a son at the Warner hospital Monday.

A daughter was born Monday at the hospital to Mr. and Mrs. Jerry Deardorff, Fairfield.

### TO ADDRESS TECHNICIANS

District 6 of the Pennsylvania Society of X-ray Technicians will have Harold Hess of the Eastern Kodak company as its speaker at the monthly meeting to be held at St. Joseph's hospital, Lancaster, Wednesday evening at 8:30 o'clock. Mr. Hess will discuss "Factors Influencing Radiographic Quality." Films of the national convention of 1951, held in Philadelphia in June, will be shown.

## BOARD HANGS

(Continued from Page 1)

better to look elsewhere for land," Keefe said.

That led to discussion on whether the elementary center should be in Gettysburg, or outside, and whether there should be one big building or several.

Location of one or two large elementary schools near the high school would simplify the problem of transportation, all seemed agreed, but other considerations may lead to construction of the school or schools outside the high school area.

### To Surface Play Area

Because the new elementary center or centers will probably not be built for several years, the board voted to place a black top surfacing over the triangle of land between York and Hanover streets at Lincoln school and enclose the area with a six-foot fence.

Dr. Ralph D. Wickerham, who headed a committee including Ralph Guise, Arthur Buehler, Donald Weikert and Daniel J. Wolff, which was appointed to study the Lincoln school situation, reported: "Our decision is to put blacktop in front of the building and along the Hanover street side, and put a fence around the whole area, leaving gaps that can be opened for passage of the public and students. The fence would extend down York street side to the side door, and on the Hanover street side to the back of the school." Bids will be opened at the April meeting for the work.

A problem of "light standards that won't light" at the high school, reported by Director Donald Weikert, led to the discussion calling for a temporary solution of the problem.

### Other Changes Coming

Power of spotlights atop the high school will be increased now and the pavement standards will be replaced and renovated later, when a decision is made concerning changes to the front of the high school to permit easier ingress and egress by school buses. New pavement lights will also have to be installed to take care of the new auditorium addition to the school, the board members decided.

Several directors said parents have complained to them concerning "warts on the feet of their children" which they claimed came from use or lack of use of germicides in locker rooms after gym classes. Director Daniel Wolff said doctors had told him a number of people have the warts, and that they could not come from the high school gym classes.

Architect Alfred Hamme told the board it will have to spend "several thousands of dollars" to solve its heating problem which has become acute at the high school since the new addition was connected to the heating system.

### Heating Problems

The 1922 heating system installed in the old building at the high school was based on radiators and a ventilation system, Hamme told the board: "But you turned the ventilators off and forgot about them and did what ventilating was needed by opening the windows. That was all right and worked out perfectly. But it left you with radiators operating on four ounces of pressure. In the new building we had to follow state laws regarding ventilation and the heating system and because the ventilators are to be used the system required two pounds of pressure."

"The only thermostat in the whole building is located here in the superintendent's office. When there is four ounces of pressure the radiators here turn off the thermostat and as a result you could never get enough pressure to provide the two pounds necessary for the radiators in the new building."

"With coal heat you would have a steady heat and probably would build up pressure enough to operate the radiators in the new building. With oil heat—as soon as the required four ounces of pressure builds up in the old building the heat all turns off. You have intermittent heat, and as a result never get any in the new building."

Solution for the problem, Hamme said, "is to spend a couple thousand to put in valves to equalize the pressure. Actually you are not losing anything, because you never could heat all rooms equally from one thermostat. The new valves will provide for each radiator in each room to cut off when the room becomes warm enough."

Dr. Keefe reported that no new teacher has been found to fill the vacancy caused by the death of mathematics teacher Myles R. Deardorff. Mrs. Milton Stokes is currently teaching the class on a substitute basis, he said. The superintendent and teacher committee were authorized to name a new teacher when one is available.

Reports of various funds were presented at the board meeting. The high school athletic fund showed receipts of \$982.80 and expenditures of \$615.57 during the month, leaving a balance on February 1 of \$1,365.48. The high school activities fund showed deposits of \$2,523.06 and withdrawals of \$2,781.09 leaving a January 31 balance of \$9,541.38. The cafeteria report showed receipts of \$2,443.56 leaving a balance of \$433.92. The cafeteria report also showed a transfer from the saving account of \$3,734.80 to the reserve

## BOARD HANGS

(Continued from Page 1)

better to look elsewhere for land," Keefeauver said.

That led to discussion on whether the elementary center should be in Gettysburg, or outside, and whether there should be one big building or several.

Location of one or two large elementary schools near the high school would simplify the problem of transportation, all seemed agreed, but other considerations may lead to construction of the school or schools outside the high school area.

To Surface Play Area

Because the new elementary center or centers will probably not be built for several years, the board voted to place a black top surfacing over the triangle of land between York and Hanover streets at Lincoln school and enclose the area with a six-foot fence.

Dr. Ralph D. Wickerham, who headed a committee including Ralph Guise, Arthur Buehler, Donald Weikert and Daniel J. Wolff, which was appointed to study the Lincoln school situation, reported: "Our decision is to put blacktop in front of the building and along the Hanover street side, and put a fence around the whole area, leaving gates that can be opened for passage of the public and students. The fence would extend down York street side to the side door, and on the Hanover street side to the back of the school." Bids will be opened at the April meeting for the work.

A problem of "light standards that won't light" at the high school, reported by Director Donald Weikert, led to the discussion calling for a temporary solution of the problem.

Other Changes Coming

Power of spotlights atop the high school will be increased now and the pavement standards will be replaced and renovated later, when a decision is made concerning changes to the front of the high school to permit easier ingress and egress by school buses. New pavement lights will also have to be installed to take care of the new auditorium addition to the school, the board members decided.

Several directors said parents have complained to them concerning "warts on the feet of their children" which they claimed came from use or lack of use of germicides in locker rooms after gym classes. Director Daniel Wolff said doctors had told him a number of people have the warts, and that they could not come from the high school gym classes.

Architect Alfred Hamme told the board it will have to spend "several thousands of dollars" to solve its heating problem which has become acute at the high school since the new addition was connected to the heating system.

### Heating Problems

The 1922 heating system installed in the old building at the high school was based on radiators and a ventilation system, Hamme told the board: "But you turned the ventilators off and forgot about them and did what ventilating was needed by opening the windows. That was all right and worked out perfectly. But it left you with radiators operating on four ounces of pressure. In the new building we had to follow state laws regarding ventilation and the heating system and because the ventilators are to be used the system required two pounds of pressure.

"The only thermostat in the whole building is located here in the superintendent's office. When there is four ounces of pressure the radiators here turn off the thermostat and as a result you could never get enough pressure to provide the two pounds necessary for the radiators in the new building.

"With coal heat you would have a steady heat and probably would build up pressure enough to operate the radiators in the new building. With oil heat—as soon as the required four ounces of pressure builds up in the old building the heat all turns off. You have intermittent heat, and as a result never get any in the new building."

Solution for the problem, Hamme said, "is to spend a couple thousand more to put in valves to equalize the pressure. Actually you are not losing anything, because you never could heat all rooms equally from one thermostat. The new valves will provide for each radiator in each room to cut off when the room becomes warm enough."

Dr. Keefeauver reported that no new teacher has been found to fill the vacancy caused by the death of mathematics teacher Myles R. Deardorff. Mrs. Milton Stokes is currently teaching the class on a substitute basis, he said. The superintendent and teacher committee were authorized to name a new teacher when one is available.

Reports of various funds were presented at the board meeting. The high school athletic fund showed receipts of \$983.80 and expenditures of \$615.57 during the month, leaving a balance on February 1 of \$1,368.48. The high school activities fund showed deposits of \$2,523.06 and withdrawals of \$2,781.09 leaving a January 31 balance of \$9,541.38.

The cafeteria report showed receipts of \$2,799.48 and expenditures of \$2,445.56 leaving a balance of \$353.92. The cafeteria report also showed a transfer from the saving account of \$3,734.80 to the reserve

## Bullets Defeat Terrors; Mounts Here On Thursday

Overcoming a 21-9 deficit at the end of the first quarter, the Gettysburg college basketball team recorded its eighth victory of the campaign Monday evening at Westminster by facing Western Maryland 77-57.

Western Maryland started with a rush and piled up a 13-3 lead before Bob Pizolato tallied the Bullets' first goal after 7:45 minutes of action. The Green Terrors held a 21-7 lead just before Gene Coder landed a goal as the quarter ended to make the score 21-9.

The scrapping Bullets quickly moved into contention early in the second period. Joe Lang tallied a goal, Warren Watson a foul and George Hare a goal before Tull netted a free toss for Western Maryland. Hare and Coder led the Bullets rally which gradually reduced the Terrors' margin. Coder connecting for a goal which put the Bullets in front 29-28 after six minutes of the period. From then on the Bullets stayed ahead, holding a 34-33 margin at half time.

**Win Going-Along**  
Showing a well-rounded attack in the third stanza the Bream-men surged ahead and midway in the quarter led 47-38 which mounted to 54-41 going into the last frame.

The closest Western Maryland could come in the waning minutes was 54-44 and 58-48 as the Bullets, paced by Hare and Watson, rocketed their lead.

Hare, Pizolato and Watson were the big guns for the Bullets. Art Press, the high-scoring Terror forward, led his team although held to 16 points.

**Reserves Win Again**  
The unbeaten Bullets jayvee team won its third straight in the preliminary 79-60 with Les Eckman hitting for 33 points.

On Thursday Mt. St. Mary's will be here for a single game starting at 8 o'clock.

## Carlton, Dean Will Meet At Harrisburg

Harrisburg, Feb. 12 — Two newcomers to the Harrisburg wrestling scene — Leslie (Lord) Carlton, of England, and Man Mountain Dean, Jr., Tennessee hillbilly — will be main event principals on Promoter Bert Bertolini's sixth mat program of the current indoor season Thursday night, February 14, at the Madrid palestra.

Encouraged by the capacity crowd which attended his last show here two weeks ago — the second sellout of the season in this city — Bertolini also has arranged what he considers to be a fine supporting card.

Squaring off against each other in the semi-feature will be Two-ton Tony Galento, colorful heavyweight fighter of a decade ago, and Big Ike Ekins, former All-American football great at Duke university.

## DUQUESNE ONLY UNBEATEN QUINT

Pittsburgh, Feb. 12 (AP)—Duquesne university reigns as the only unbeaten major college basketball team in the nation today but Eddie Melvin of St. Bonaventure still thinks he's got the best quintet.

The Dukes topped St. Bonaventure from the ranks of the undefeated last night 69-63. It was St. Bonaventure's first loss in 17 games and Duquesne's 17th victory.

Last week the Dukes ranked fifth and the Bonnies fourth in the Associated Press Poll. This week's rankings puts Duquesne third and the Bonnies a notch behind.

Dudey Moore, coach of the Dukes, tossed adjectives around with abandon after the game even in the direction of the Bonnies. "It was a rugged, tough battle. St. Bonaventure gave us our toughest fight of the year. They had a real good team, particularly on defense. After all we scouted each other a good many times."

"Will we go through the season undefeated? Well, we've got a real team but that pressure will build up more than ever now. We've got five games left you know. I think our kids played a real game all the way but those Bonnies were tough," Moore said.

## Sport Shorts

Havana, Feb. 12 (AP)—If Joe Black makes Brooklyn forget Don Newcombe some day, Cuban fans won't be a bit surprised.

Leader of the Cuban league with a flashy 15-6 record, the talented negro rookie with a singing fast ball is rated the best prospect they've seen here in many years.

"Best pitcher in Cuba league in three-four years," says Mike Gonzalez, ex-St. Louis Cardinal coach who manages Havana.

Black, of course, isn't even on the Dodger roster yet. He belongs to St. Paul, the Brooks' farm in the American association. But he's been invited to come to camp with the Dodgers next week.

West Chester, Pa., Feb. 12 (AP)—A second-year high school student collapsed and died yesterday while playing basketball in the gymnasium of St. Agnes high.

Chester county Coroner Preston Shoemaker was unable to determine immediately what caused the death of Joseph J. Andriole, Jr., 15.

Andriole, of Jenneville, Pa., had been playing in a practice game when he collapsed. Artificial respiration applied by West Chester police for more than an hour failed to revive him.

Hazleton, Pa., Feb. 12 (AP)—Joe Hannon, former Villanova college basketball player, is the new play-manager of the Hazleton team in the Eastern Professional Basketball league. Hannon formerly played for the Scranton Miners of the American Basketball league.

Morrisville, Pa., Feb. 12 (AP)—Pickets Monday halted construction work at the new 400 million dollar Fairless works of U.S. Steel Corp.

A steel company spokesman said none of the more than 7,000 construction workers passed the picket lines to report for duty. He identified the unions involved as the AFL Iron Workers Union Local 68, and the AFL Steamfitters and Welders Union Local 420 and said the dispute concerned which union should represent men engaged in erecting certain tanks in the strip mill section.

The first broadcast of a political convention was the Republican meeting in Cleveland in June, 1924.

## WILDCATS HOLD TOP POSITION IN CAGE POLL

New York, Feb. 12 (AP)—Kentucky, already South-eastern conference champion and assured of an NCAA playoff berth, enters the final phase of the college basketball season still ranked as the No. 1 team in the nation.

The Wildcats head the field in the Associated Press poll for the fourth straight week and the only stumbling block remaining in their path appears to be DePaul.

Kentucky drew 42 first-place votes and 867 points from the 103 sports writers and sportscasters who participated in the poll. Kansas State remained in second place. Kansas collected 14 first-place votes and 737 points.

The Kentucky Wildcats bowled over Mississippi and Georgia Tech during the week and last night defeated Mississippi State, 110-66, to run their winning streak to 15 games and their season's record to 20-2.

**Face Three Games**  
Winners of the NCAA title in three of the past four years, Kentucky has three games remaining. The big one is against DePaul in the Chicago stadium February 23. Early in the season Kentucky swamped DePaul, 98-60.

The same teams that graced the top ten a week ago remained in the select group although some positions were switched.

Duquesne, only major unbeaten team in the land, moved from fifth to third place, less than 100 points behind Kansas State. The Dukes stretched their winning streak to 15 games by edging previously unbeaten St. Bonaventure last night, 69-63.

St. Bonaventure (16-1) remained in fourth place. Iowa (15-1) moved from ninth to fifth place while Illinois dropped from third to sixth. Iowa swamped Michigan 82-59 while Illinois smeared Michigan State, 84-62, last night.

## Waynesboro Meets GHS Here Tonight

Only two more home games are listed for the Gettysburg high school cagers and the first of these will be played tonight when Cal Welliver's Waynesboro high outfit will be met.

The Tornado breezed through to a comparatively easy 48-35 decision over the Warriors in the meeting at Waynesboro and comes here confident of its ability of fattening its win column.

A Warrior triumph hinges on how much spirit and hustle the boys can muster a factor which has been important in a number of defeats.

At 6:45 o'clock the jayvee dribblers will meet.

## Winter Games Open Thursday

Oslo, Norway, Feb. 12 (AP)—With or without the cooperation of nature, the winter Olympics will open Thursday as scheduled.

That was the final word today from the Olympic organizing committee and ski officials, who have been plagued with worries about the lack of snow.

The officials at Norefjell, where the sking events get underway Thursday, are thoroughly convinced their efforts to haul snow and put it in place with the help of some 300 soldiers will give the competitors a perfect run. Water is being sprayed over the snow. Sub-freezing temperatures assure a quick coating of ice.

However, the skiing technical committee decided to postpone the women's downhill race from Saturday until Sunday. This will enable the soldiers to concentrate on getting the courses ready for the Thursday and Friday events which follow the original schedule.

Hopes for snow to cover bare spots on the ski courses all but vanished this morning when the day dawned cold and clear. The official Norwegian weather bureau said a snow storm that paralyzed traffic in northern Denmark had been swept away from the Oslo region.

The bobsled run, scene of the only other opening day event, will be all right without more snow. It's made of almost solid ice and sub-freezing temperatures have kept it well preserved.

**A Great Lineup**  
First base, Lou Gehrig; second, Tony Lazzeri; third, Robert (Red) Rolfe; shortstop, Phil Rizzuto; outfield, Babe Ruth, Joe DiMaggio and Bob Meusel; catcher, Bill Dickey; pitchers, (1) Vernon Gomez, (2) Waite Hoyt; utility infielder, Frank Crosetti; relief pitcher, John Murphy.

"My only serious debates with myself," Alan says, "are in picking Gomez over Herb Pennock as the left-handed pitching choice, and Red Rolfe over Joe Dugan at third base. Pennock is an all-time great in my book, but his great years were not spent alone with the Yanks, of course, and I'm inclined to feel that Gomez's record on the whole tops Pennock's."

"The only Yankee pitcher in the Hall of Fame, you know, is Jack Chesbro, but here again we have a star who devoted only part of his career to the New Yorkers (then the Highlanders). Chesbro was a top-notch pitcher in the National league, too. Picks 27 Outfit:

"Rolfe's batting power entitles him to the nod over Dugan, in my judgment. Both were top defensive men."

If they want the greatest single Yankee club in history, Gould is ready with that one, too. He says it was the 1927 outfit. Ruth, Meusel and Earl Combs made up the outfield; Gehrig, Lazzeri, Dugan and shortstop Mark Koenig held down the inner works.

The catchers were Pat Collins and Benny Bengough, and the pitching staff numbered, in addition to Hoyt and Pennock, such storied artists as Urban Shocker, George Pipgras and Wilcy Moore.

"Connie Mack once told me he considered that the greatest team he had ever seen or competed against," Gould recalled. "It was not just a power team, though it packed a murderous punch. It had great pitching, was strong defensively, and fast."

**Deceased Sergeant Is Awarded Medal**  
Washington, Feb. 12 (AP)—A negro sergeant who died leading his platoon to wrest an important hill from the Communists in Korea last June 2 was awarded the Medal of Honor today.  
The army announcement said the infantryman, Sgt. Cornelius H. Charlton, 21, of the Bronx, N. Y., took command of his platoon when the commanding officer was wounded.

"Rallying his men, he led the assault up a steep hill, personally wiping out two hostile positions with grenades and rifle fire, and killing six enemy soldiers," the announcement said, adding:  
"Subsequently repulsed in two charges under fire, Charlton, although severely wounded, led a third attack which swept the enemy from the crest of the hill."  
"He was mortally wounded by a grenade while single-handedly knocking out the last enemy emplacement."

## Bullets Defeat Terrors; Mounts Here On Thursday

Overcoming a 21-9 deficit at the end of the first quarter, the Gettysburg college basketball team recorded its eighth victory of the campaign Monday evening at Westminster by facing Western Maryland 77-57.

Western Maryland started with a rush and piled up a 13-3 lead before Bob Pizolato tallied the Bullets' first goal after 7:45 minutes of action. The Green Terrors held a 21-7 lead just before Gene Coder landed a goal as the quarter ended to make the score 21-9.

The scrapping Bullets quickly moved into contention early in the second period. Joe Lang tallied a goal, Warren Watson a foul and George Hare a goal before Tull netted a free toss for Western Maryland. Hare and Coder led the Bullet rally which gradually reduced the Terrors' margin. Coder connecting for a goal which put the Bullets in front 29-28 after six minutes of the period. From then on the Bullets stayed ahead, holding a 34-33 margin at half time.

**Win Going-Away**  
Showing a well-rounded attack in the third stanza the Bream-men surged ahead and midway in the quarter led 47-38 which mounted to 54-41 going into the last frame.

The closest Western Maryland could come in the waning minutes was 54-44 and 58-48 as the Bullets, paced by Hare and Watson, rocketed their lead.

Hare, Pizolato and Watson were the big guns for the Bullets. Art Press, the high-scoring Terror forward, led his team although held to 16 points.

**Reserves Win Again**  
The unbeaten Bullet jayvee team won its third straight in the preliminary 79-69 with Les Eckman hitting for 33 points.

On Thursday Mt. St. Mary's will be here for a single game starting at 8 o'clock.

## Carlton, Dean Will Meet At Harrisburg

Harrisburg, Feb. 12 — Two newcomers to the Harrisburg wrestling scene — Leslie (Lord) Carlton, of England, and Man Mountain Dean, Jr., Tennessee hillbilly — will be main event principals on Promoter Bert Bertolini's sixth mat program of the current indoor season Thursday night, February 14, at the Madrid palestra.

Encouraged by the capacity crowd which attended his last show here two weeks ago — the second sellout of the season in this city — Bertolini also has arranged what he considers to be a fine supporting card.

Squaring off against each other in the semi-feature will be Two-ton Tony Galante, colorful heavyweight fighter of a decade ago, and Big Ike Ekins, former All-American football great at Duke university.

## WILDCATS HOLD TOP POSITION IN CAGE POLL

**By RALPH RODEN**  
New York, Feb. 12 (AP)—Kentucky, already South-eastern conference champion and assured of an NCAA playoff berth, enters the final phase of the college basketball season still ranked as the No. 1 team in the nation.

The Wildcats head the field in the Associated Press poll for the fourth straight week and the only stumbling block remaining in their path appears to be DePaul.

Kentucky drew 42 first-place votes and 867 points from the 103 sports writers and sportscasters who participated in the poll. Kansas State remained in second place. Kansas State collected 14 first-place votes and 737 points.

The Kentucky Wildcats bowled over Mississippi and Georgia Tech during the week and last night defeated Mississippi State, 10-66, to run their winning streak to 15 games and their season's record to 20-2.

**Face Three Games**  
Winners of the NCAA title in three of the past four years, Kentucky has three games remaining. The big one is against DePaul in the Chicago stadium February 23. Early in the season Kentucky swamped DePaul, 98-60.

The same teams that graced the top ten a week ago remained in the select group although some positions were switched.

Duquesne, only major unbeaten team in the land, moved from fifth to third place, less than 100 points behind Kansas State. The Ducks stretched their winning streak to 15 games by edging previously unbeaten St. Bonaventure last night, 69-63.

St. Bonaventure (16-1) remained in fourth place. Iowa (15-1) moved from ninth to fifth place while Illinois dropped from third to sixth. Iowa swamped Michigan 82-59 while Illinois smothered Michigan State, 84-62, last night.

Top ten (first place votes in parentheses):

Teams and Won-Lost Record	Pts.
1. Kentucky (42)	867
2. Kansas State (14)	737
3. Duquesne (4)	667
4. St. Bonaventure (12)	563
5. Iowa (4)	473
6. Illinois (1)	443
7. St. Louis (3)	397
8. Washington (5)	269
9. Kansas (2)	256

New York, Feb. 12 (AP)—The New York Yankees are on the verge of inaugurating their 50th campaign as members of the American league, and to commemorate the occasion they are asking the more elderly of the nation's baseball writers to assist them in picking an all-time all-Yankee team.

As Arthur (Red) Patterson, the club's official tub-thumper, is explicit in banning such Johnny-come-latelys as this writer from competing in the event, it has been found necessary to call in as guest consultant the oldest living former Associated Press sports editor, Alan J. Gould, now executive news editor of the organization.

Alan covered the Bombers through the glamorous years under the late Miller Huggins and well into the regime of Joe McCarthy. These are his choices:

**A Great Lineup**  
First base, Lou Gehrig; second, Tony Lazzeri; third, Robert (Red) Rolfe; shortstop, Phil Rizuto; outfield, Babe Ruth; Joe DiMaggio; Bob Meusel; catcher, Bill Dickey; pitcher, (D) Vernon Gomez, (R) Waite Hoyt; utility infielder, Frank Crosetti; relief pitcher, John Murphy.

"My only serious debates with myself," Alan says, "are in picking Gomez over Herb Pennock as the left-handed pitching choice, and Red Rolfe over Joe Dugan at third base. Pennock is an all-time great in my book, but his great years were not spent alone with the Yanks, of course, and I'm inclined to feel that Gomez's record on the whole tops Pennock's."

"The only Yankee pitcher in the Hall of Fame, you know, is Jack Chesbro, but here again we have a star who devoted only part of his career to the New Yorkers (then the Highlanders). Chesbro was a top-notch pitcher in the National league, too."

**Picks 27 Outfit:**  
"Rolfe's batting power entitles him to the nod over Dugan, in my judgment. Both were top defensive men."

If they want the greatest single Yankee club in history, Gould is ready with that one, too. He says it was the 1927 outfit, Ruth, Meusel and Earl Combs made up the outfield; Gehrig, Lazzeri, Dugan and shortstop Mark Koenig held down the inner works.

The catchers were Pat Collins and Benny Bengough, and the pitching staff numbered, in addition to Hoyt and Pennock, such storied artists as Wilbur Moore, George Pipgras and Urban Shocker.

"Connie Mack once told me he considered that the greatest team he had ever seen or competed against," Gould recalled. "It was not just a power team, though it packed a murderous punch. It had great pitching, was strong defensively, and fast."

## County Baseball League Will Meet

A meeting of the South Penn Baseball league has been called by President Johnny Grindler for Wednesday evening at 8 o'clock at the American Legion home on Baltimore street.

Grindler has requested that all teams send representatives inasmuch as important business will be transacted.

## Deceased Sergeant Is Awarded Medal

Washington, Feb. 12 (AP)—A negro sergeant who died leading his platoon to wrest an important hill from the Communists in Korea last June 2 was awarded the Medal of Honor today.

The army announcement said the infantryman, Sgt. Cornelius H. Charlton, 21, of the Bronx, N. Y., took command of his platoon when the commanding officer was wounded.

"Rallying his men, he led the assault up a steep hill, personally wiping out two hostile positions with grenades and rifle fire, and killing six enemy soldiers," the announcement said, adding:

"Subsequently repulsed in two charges under fire, Charlton, although severely wounded, led a third attack which swept the enemy from the crest of the hill."

"He was mortally wounded by a grenade while single-handedly knocking out the last enemy emplacement."

## HOLD HEARING

(Continued from Page 1)  
raised objections to the lease, declaring it was a "stop-gap move designed to substitute for a reorganization plan while the latter is in litigation."

**Expect Decision Soon**  
Attorney Brown, however, later withdrew his objections when an amendment was entered to the plan which so reworded the plan to provide that the \$161,460 be paid to the Gettysburg National bank, which in turn will distribute the money pro rata to the bondholders. The amendment is in accordance with the bond indenture executed by the bank and company which provides commissions and attorney fees for the trustee bank.

After final approval by the referee is given, probably within a few days, all of the creditors will be notified to permit them to accept or reject the plan. If two-thirds of the creditors approve the plan will be submitted to the federal court at Scranton for approval. After an order is handed down for consummation of the plan, the money will be distributed. Attorneys said today that the entire matter may be completed within two or three months.

**Reading, Pa., Feb. 12 (AP)**—Liquidation of a third full-fashioned hosiery mill in the Reading area in a month was announced Monday.

The two-story brick building of Fedden Brothers Co., Inc., in nearby Shillington, was sold to St. John Baptist de La Salle Catholic church for conversion into a parochial school and chapel.

**Los Angeles, Feb. 12 (AP)** — When police arrested Mrs. Elizabeth Jensen on a drunk driving charge they took along the live lobsters they found in the back seat of her car.

They hauled the lobsters to an improvised aquarium at the animal shelter. A city ordinance provides that live animals must be impounded if found in the company of an owner who is arrested.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**FIFTY YEARS AGO**  
"The Confederate Spy": Last  
Thursday evening "The Confederate  
Spy," Stedman's military drama,  
was presented to a large and ap-  
preciative audience in Xavier Hall,  
by the Xavier Dramatic Association.

Too much praise cannot be given  
to the amateurs. Mr. M. W. Nall, as  
George Waterman was an ideal hero,  
and acted admirably, as did Miss  
Elizabeth Cook, as Maud Bradley,  
and Miss Emily Brinkerhoff as  
George's mother. Mr. J. P. Wisotzky,  
as the "Confederate Spy," had  
a number of different disguises to  
sustain and was thrilling at several  
times.

The comedy features were im-  
mense. Geo. F. Eberhart as the  
"Drafted Dutchman," convulsed the  
audience by his backward sayings.  
John M. Wisotzky as "Clay," we  
think as cute a black-faced amateur  
as can be found. Miss Marian Davis  
as "Nora McLegin" fitted grandly,  
and Arthur McCleary, as "Officer  
Mulgarry," was a genuine bog-  
trotter.

The four daring artists in "dot  
leedle Cherman band," made a hit.  
A very enjoyable feature of the  
show was the excellent drill by the  
Sons of Veterans.

The electrical effects, through the  
very efficient management of Mr.  
Hal J. Gintling, were fine.

Through the courtesy of the as-  
sociation all the school children of  
the borough enjoyed the play  
Wednesday evening free of charge.

Daniel P. Deardorff, of Butler town-  
ship, to Miss Gertrude M. Snyder,  
of Mountjoy township.

**Routzahn-Brough.**—February 9th,  
at the U.B. parsonage, Bendersville,  
by Rev. D. Barnhart. Harvey M.  
Routzahn, of York, to Miss Minerva  
A. Brough, of Biglerville.

place, by Rev. Dr. T. J. Barkley.  
Irwin M. Reynolds, of Straban

of Mountjoy township.

**Local Miscellany:** Amos Eckert has  
several carpenters at work enlarg-  
ing the store room recently occu-  
pied by R. A. Wonders as a cigar  
store. When completed the same will  
be occupied by Mr. Seligman, the  
tailor. The Tipton room will also  
be remodeled.

R. M. Elliott, who for many years  
has conducted a shoe store in this  
place, made an assignment on  
Wednesday for the benefit of his  
creditors. Hon. Wm. T. Ziegler is  
the assignee.

The proceeds from the pan-cake  
and chicken supper held at the  
residence of Mrs. Guyon H. Buehler,  
for the benefit of the Episcopal  
church, netted \$52.15 clear of ex-  
penses.

Today is Ash Wednesday and the  
beginning of Lent.

The excellent sleighing has fur-  
nished much enjoyment for the  
younger people. Sleighbags parties  
every night.

An enjoyable ball was held at  
the Globe Hotel Friday evening.

A sleighing party, 15 in number,  
from Littlestown, took supper at  
Hotel Gettysburg Thursday even-  
ing, and afterwards took in "The  
Confederate Spy."

**The Town Meeting:** In pursuance  
of the call for a town meeting for  
the expression of public opinion on  
the observance of Sunday law,  
Wednesday evening in the Court  
House, a crowded court room was  
present for the discussion. The Rev.  
D.W. Woods, Jr., stated the object  
of the meeting: "The meeting is  
called for a free expression of  
opinion on the Sunday question."

On motion Mr. Calvin Hamilton  
was elected chairman, and Chas.  
S. Duncan, Esq., Sec'y.

Rev. Mr. Coover moved that a  
committee of three be appointed  
by the chair to frame resolutions  
upon which the business of the  
meeting might proceed. The chair  
appointed Rev. M. Coover, J. Elmer  
Musselman and R. Wm. Bream.

## Today's Talk

By GEORGE MATTHEW ADAMS  
DOES PRAYER PAY?

Our better nature is forever mak-  
ing its appeal to us. We are forever  
shadowed by this invisible other  
self. It is what tells us to go on, to  
walk past failure and discouragement,  
and to keep to the straight  
road ahead, no matter how rugged  
at times.

Each one of us is beset by prob-  
lems. At times it gets very dark  
about us, and there is a sense of  
loneliness to us. But is never anything  
but temporary. Never a time to give  
up, never a time to lose heart or  
courage. Prayer will help. It always  
has. The greatest men and women  
of all times have prayed. It pays in  
the light that blots out the dark-  
ness, and in creating within us new  
hope and healthy resolves.

Robert Louis Stevenson once  
wrote: "A generous prayer is never  
presented in vain; the petitioner is al-  
ways, I believe, rewarded by some  
gracious visitation." You see, it is  
to our better self that we pray as  
well as to the God Who created us.  
People who have never prayed in  
their lives will pray when dire dis-  
aster arrives, and they do. It is all  
that they feel they can do at such  
a time. And it is well that they do,  
for it has meant the salvation of  
many a one in distress. Prayer al-  
ways brings peace and solace to  
one's spirit, and the body becomes  
wrapped anew in the garment of faith.

The late Dr. Alexis Carrel, author  
of "Man, the Unknown," was a fer-  
vent believer in prayer. Among his  
papers, after his death, was found  
a brief manuscript, published for  
the first time in America in 1950  
under the title of "The Voyage to  
Lourdes," in which is beautifully  
portrayed the power of prayer and  
how it has so many times healed the  
body as well as the soul.

Prayer cleanses the mind and the  
heart. It relaxes tense nerves, helps  
one to lose one's sense of self, trans-  
ferring it to a higher power, ever  
ready and willing to accept any  
petition that comes from the sincer-  
ity of the heart. Yes, prayer  
pays and always will, as millions  
upon millions have testified over  
the ages.

Tomorrow Mr. Adams will talk on  
the subject: "Railroad Stations."

Adams Service

## Just Folks

**LINCOLN**  
When will another man arise  
As tender, thoughtful, brave and  
wise,  
A leader who will dare to be  
As incorruptible as he?

We need a Lincoln, unafraid;  
Not by the power of office  
swayed;  
One flatterer cannot deceive;  
A man to trust in and believe.

Dear Lord, Thou sent us Lincoln  
when  
A grievous wrong divided men.  
With wisdom grace a true man's  
brow.  
We need another Lincoln now.

Touch with Thy spirit one to be  
As valorous for the right as he;  
One steadfast to the truth to stay  
Who will be faithful, come what  
may.

## IDENTIFIES MAN IN '51 SHOOTING

Pittsburgh, Feb. 12 (AP)—Solution  
of a year-old mystery is claimed  
today by Pittsburgh police who say  
an Erie man in the Allegheny  
county workhouse has been iden-  
tified as the gunman who shot down  
pretty Janet Mackrell, 24-year-old  
Pittsburgh school teacher.

Adam Geisler, superintendent of  
detectives, said Miss Mackrell posi-  
tively identified Lawrence Robinson,  
24, as the man who shot her in the  
head and left her to die in an alley.  
He is charged with felonious shoot-  
ing with intent to kill.

The attractive woman made the  
identification yesterday after a week  
of indecision, Geisler said. Robinson  
will get a hearing tomorrow. He  
denies the shooting.

Geisler said the identification  
came after an inmate of the Ven-  
ango county jail tipped police Rob-  
inson boasted he had shot a teacher  
in Pittsburgh. He said the tipster,  
a former friend of Robinson's, sought  
revenge because the accused gun-  
man charged him with mastermind-  
ing several burglaries in the Frank-  
lin area.

Miss Mackrell was found in a pool  
of blood by a neighbor Jan. 9, 1951.  
The victim told police the man ac-  
cused her as she parked her auto  
behind her home, demanded money  
and then shot her when she told  
him she was "just a poor school  
teacher."

New York, Feb. 12 (AP)—A four-  
engine Pan American World air-  
ways Constellation made a success-  
ful emergency landing at Idlewild  
airport Monday after being forced by  
engine trouble to turn back on a  
flight to Puerto Rico.

The plane, carrying 51 passengers  
and crew members, left Idlewild  
shortly after midnight (EST). A  
short time later the pilot radioed  
he was returning to the field with  
one of the plane's four engines hav-  
ing cylinder trouble.

Harrisburg, Feb. 12 (AP)—Three  
state agencies today opened a wide-  
spread campaign to wipe out rabies  
in Pennsylvania. The drive was  
requested over the week-end by Gov.  
John S. Fine in letters to the state  
health and agriculture departments  
and the State Game commission.

Fine said the incidence of rabies  
in animals, particularly in foxes,  
"has reached a point where it con-  
stitutes a serious menace to the  
health of the people."

Washington, Feb. 12 (AP)—The  
publisher of the Harrisburg (Pa.)  
Patriot and Evening News has been  
selected as head of the "Citizens for  
Eisenhower" committee in Pennsylv-  
ania.

The selection of Edwin F. Russell  
was announced by Arthur H. Van-  
denberg, Jr., national chairman of  
the Eisenhower group.

Philadelphia, Feb. 12 (AP)—Sen.  
Edward Martin (R.-Pa.) claims the  
only way this nation can get back  
"on the road to real Americanism"  
is "to get rid of persons responsible  
for the mess we are in and substitute  
bold, courageous, intelligent leader-  
ship."

Martin spoke Sunday night to an  
anti-Communist rally sponsored by  
the Ukrainian Congress committee  
of America, which adopted a resolu-  
tion calling for United States aid  
under the mutual security pact to  
thousands of non-Russians behind  
the Iron Curtain.

Philadelphia, Feb. 12 (AP)—Charles

National Labor Relations board has  
ordered the L. B. Hosiery Co., Inc.,  
to pay a total of \$20,126 to 13 em-  
ployees whom the board named as  
illegally discharged by the firm.

The largest individual amount  
ordered paid was \$7,150 to James R.  
Ludwig for 142 weeks in back wages.  
Findings of trial examiner Louis  
Plost arose from a hearing in Leb-

## Circulate Petitions For Eisenhower In Pa.

Harrisburg, Feb. 12 (AP)—Pennsylv-  
anians are signing petitions today  
to place the name of Gen. Dwight  
D. Eisenhower on the ballot for  
Republican nomination for Presi-  
dent in the April 22 primary.

Whether the petitions will be for-  
mally filed with the State Elections  
bureau, however, remained a matter  
of conjecture. Edwin F. Russell,  
chairman of the "Citizens-for-Eisen-  
hower" committee in Pennsylvania,  
said the decision on filing has yet  
to be made.

Russell, Harrisburg newspaper  
publisher, said yesterday that peti-  
tions are being circulated to have  
them ready in case a decision is  
made to enter the general's name on  
the ballot. The signature of Eisen-  
hower himself is not necessary on a  
Pennsylvania nominating petition.  
If Eisenhower is added to the  
ballot he will face at least one other  
major candidate for the GOP nom-  
ination. Harold E. Stassen, president-  
on-leave of the University of Penn-  
sylvania, indicated early in Janu-  
ary that he would enter the primary.

## DESERVE MEDAL

Sausalito, Calif., Feb. 12 (AP)—  
Two veterans of some of the bloodi-  
est fighting in Korea tested their  
war prize—a Russian machinegun  
—on tin cans.

Some residents complained. But  
Deputy District Attorney William  
Weissich said he wouldn't prosecute  
Marine Sgt. Raymond Raiser, 19,  
and Cpl. George Tsigelatos, 19.

"Anybody who brings home a  
Russian gun deserves a medal—not  
a jail sentence," Weissich com-  
mented. But he confiscated the  
weapon to turn it over to federal  
authorities.

## UP IN THE AIR

Manila, Feb. 12 (AP)—Birthplace?

have trouble answering that one.  
Antonio was born Sunday in a Royal  
Dutch Airlines plane over the China  
sea. His Lebanese parents were en-  
route from Bangkok to Australia  
via Manila. Antonio and his mother  
were rushed to a hospital on arrival  
here. The Barakat family will re-

## USAF DEFENDS KOREAN POLICY ON JET PILOTS

U. S. Fifth Air Force Headquar-  
ters, Korea, Feb. 12 (AP)—An air  
force spokesman today defended  
the policy of keeping all jet pilots—  
including aces—in Korea until they  
have finished their normal tour of  
100 combat missions.

That was the air force stand on  
the controversy that has raged  
since Maj. George A. Davis, Jr., was  
shot down Sunday. Davis had de-  
stroyed 11 MIGs and three Red  
bombers in 59 missions.

The spokesman said Davis was a  
hero, but that statements that he  
should have been sent home were  
likely to make him a figure of con-  
trovery instead.

The first three American jet pilots  
to become aces in the Korean War  
were returned to the U. S. after  
their fifth kill. Five kills make a  
pilot an ace.

The three are Capt. James Jabara  
of McKinney, Tex.; Capt. Ralph D.  
Gibson of Mt. Carmel, Ill., and Capt.  
Richard D. Becker of Fleetwood,  
Pa., and Ft. Monroe, Va.  
In Lubbock, Tex., Mrs. Davis said

her husband should have been sent  
home the same as the first three.

Mrs. Davis, who is expecting her  
third child in May, said "If I could  
feel that he has lost his life for  
some good reason I could feel bet-  
ter about it. But this is a war with-  
out reason. I would like to ask a  
full scale investigation of why he  
was left in Korea."

In Washington, Rep. Mahon  
(D-Texas) asked the air force to  
investigate thoroughly and report to  
him on circumstances surrounding  
Davis' death. He said air force of-  
ficers at the Pentagon had promised  
to look into the matter.

The Fifth air force spokesman said  
policy requires the completion of  
100 missions in Korea, but that the

first three aces were sent home to  
instruct other airmen being readied  
for Korean combat. He added that  
fighter-bomber pilots and Sabre jet  
pilots who do not become aces face  
the same dangers as aces.

"Getting five MIGs is a happen-  
stance," he said, "it doesn't mean a  
man has won the war."

Davis became an ace about the  
same time as two other pilots of the  
Fourth Interceptor Wing. They are  
Maj. George Creighton of Baton  
Rouge, La., and Lt. Col. Winton W.  
Marshall of Manhattan Beach,  
Calif.

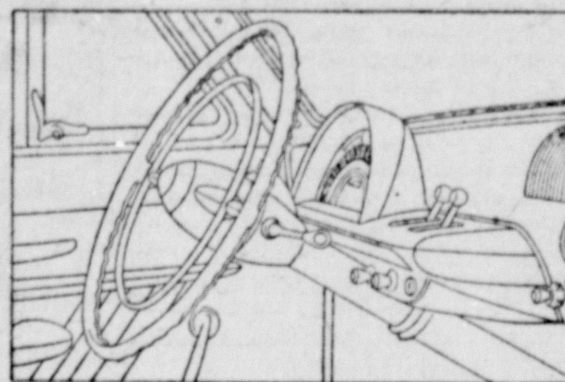

Marshall since has completed his  
100 missions and returned to the  
U. S. Creighton has more than 70  
missions, and is still flying in Korea.

## How To Grow Dewberries

Every gardener among our readers is invited to write the editor,  
enclosing a self-addressed, stamped envelope, for a copy of our dew-  
berry growing instructions. And, of course, all related bramble fruit  
questions are welcomed at the same time. We should grow more  
small fruits for local marketing as well as for home consumption.  
None is superior to the improved dewberry. Planting time is in early  
March. Ask for this planting guide at once.

# SEVEN DEAD IN WAR GAMES OF ARMY, AIR FORCE

Camp Drum, N. Y., Feb. 12 (AP)—The big-scale winter war games of the army and air force entered its third day Monday with a death toll of seven players grimly overtones of realism.

A paratrooper plane crash, a railroad crossing smashup and accidents in parachute jumps Sunday claimed seven lives. Nineteen other "fighting men" were injured in the "warfare" phase of "Exercise Snowfall."

The toll since the first practice phase of the exercise, started a month ago, rose to nine dead and 117 injured.

Four of those who died yesterday were crewmen of a C-46 transport loaded with paratroopers, which crashed in taking off from Wheeler field here. Five others were injured seriously enough to require hospitalization.

**Nose Ripped Apart**  
The nose of the plane, in which the crew was located, was ripped apart by the impact, but the passenger section in which 32 fully-equipped soldiers were riding, was damaged only slightly.

Camp officials said safety belts undoubtedly saved many lives. The twin-engine craft went into a sharp, banked turn as it was airborne and cartwheeled when a wingtip struck the ground.

Two men were killed and five were hospitalized when a truck participating in the maneuvers was struck by a freight train at a grade crossing.

The third paratrooper to die in jump accidents since the start of the exercise was killed shortly after the plane crash.

Nine others were injured.

## Littlestown

Littlestown—Each member of St. Luke's Union church Ladies' Aid society, near White Hall, is requested to bring a valentine along to the monthly meeting Wednesday evening at 7:30 o'clock at the church. The program and refreshment committee is composed of Mrs. Roger Bittler, chairman; Mrs. D. E. Bixler, Mrs. Warren Bixler, Miss Shirley Bixler, Mrs. Elwood Breighner, Mrs. Fred Breighner, Mrs. Parr Breighner, Mrs. Charles Bupp and Mrs. Howard Cook.

Mrs. Noah Strevig, North Queen street, will be hostess to the Oak Grove Homemakers' club, for the first February meeting on Wednesday evening at 7:30 o'clock.

Miss Dolores Rae Reinhold will be the leader at the February meeting of the Young Women's Group B. Missionary society of St. Paul's Lutheran church on Wednesday evening at 7:30 p.m. at the church. Dolores and Irene Koontz will serve as the refreshment and recreation committee.

The Women's Missionary society of St. Luke's Union church will not meet this Friday evening as previously announced. The meeting this month will be held on Friday, February 22, at 7:30 p.m. at the home of Mrs. Oscar E. Peeman, East Middle street, Gettysburg. Mrs. Hazel Flickinger will be the leader for the discussion of the topic, "World Day of Prayer."

Mrs. W. Ramsey Jones and son, Warren Ramsey, III, returned to their home in Virginia Beach, after spending 10 days at the home of the former's mother-in-law, Mrs. Warren R. Jones and son, Robert, East King street. Lt. Commander W. Ramsey Jones spent the week-end at the home of his mother and accompanied his wife and son to Virginia Beach on Sunday.

Albert Stock was the leader at the meeting of the Christian Endeavor society of St. Paul's Lutheran church Sunday evening in the social hall of the church. The program for the meeting included: Group song with Dawn Pettijohn as piano accompanist; Scripture reading, Evelyn Dickinson; group song; C. E. pledge repeated in unison; prayer offered by the pastor, the Rev. David S. Kammerer; discussion of the topic, "Christian Citizenship Overcomes Prejudice." The business session was in charge of the president, Evelyn Dickinson. Dawn Pettijohn was selected to be the leader for the topic discussion at this meeting next Sunday evening at 6 o'clock. The recreation period will be in charge of Albert Stock. The meeting closed with the C. E. benediction repeated in unison, and the recreation period was in charge of Dolores Rae Reinhold.

Washington, Feb. 12 (AP)—The Senate Investigations committee says it has stopped the Commerce Department from requiring businessmen to furnish 75 copies of applications for authority to make overseas shipments.

Chairman Hoey (D-N. C.) said "75 copies were from two to three times as many copies as were actually required for the processing of these applications." Hoey said in a statement yesterday that under the regulations of the Office of International Trade in the Commerce Department, business firms should have to supply only two copies of such applications.

## Safe Landing After 13 Hours In Trouble

San Diego, Calif., Feb. 12 (AP)—An Air Force B-36 bomber landed safely Monday after nearly 13 hours aloft with landing gear trouble.

The huge six-engine plane, world's biggest bomber normally carrying 11 to 15 men in its crew, came down at 3:20 a.m. (PST) at the North Island Naval air station in San Diego bay. It was reported to have been heavily loaded originally and on a delivery flight, destination unannounced.

The Public Relations office of Consolidated Vultee Aircraft company, B-36 builders, later gave a brief statement in the name of Col. Steve Dillion, Air Force representative at the Convair plant here.

It said only that the plane developed landing gear trouble, that the crew "worked up a fix" (repair) in the air and the ship made a normal landing. The statement added that it stayed aloft as long as it did in order to use up most of its fuel load before the landing.

## NEW NARCOTICS BILL WILL CURB FOREIGN FLOW

Washington, Feb. 12 (AP)—Another and tougher blow was aimed today at the narcotics racket, already staggered by sweeping raids which reportedly have cut teen-age addiction in half.

Rep. Sabath (D-ILL.) said he would introduce today a bill striking at sources of supply, rather than at peddlers.

The measure would make shipowners, banks and insurance companies responsible for importation of any illicit narcotics in cargoes with which they deal. Heavy penalties are proposed—even to putting third offenders out of business.

But the bill doesn't stop there. Sabath wants to cut off all American military and economic aid and withdraw all trade privileges to countries which refuse to enter an agreement to limit output of narcotics to the minimum required for legitimate use.

He said present control measures in the United States amount to "sniping at the tail of the monster instead of chopping off its head."

But Narcotics Commissioner Harry J. Anslinger indicates that recent raids amount to more than mere sniping: the drug racket has been seriously crippled, he says.

In fact, Anslinger told Congress, there is some indication that narcotic addiction "has reached its crest."

This was brought out in House appropriations committee hearings on the Treasury Department budget made public Monday.

## Crash Was National's Three "Nazi Youth" Third In 17 Years

Philadelphia, Feb. 12 (AP)—The crash of a National Airlines plane at Elizabeth, N. J., early Monday was the third fatal accident in the company's 17-year history.

A four-engine National Airlines plane crashed after skidding on an icy runway at Philadelphia International airport January 14, 1951. Five women and two babies died in the Philadelphia crash.

One of the women, heroic Stewardess Mary Frances Housley, 24, of Jacksonville, Fla., was found dead in the wreckage, her arms around one of the babies. Passengers said she had made repeated trips into flaming plane to aid others.

One man died in the company's in October, 1945.

Pittsburgh, Feb. 12 (AP)—The arrest of a 15-year-old girl student at Carrick high school brought reports today of widespread heroin and marijuana parties in that school and others.

James McKnight, special investigator for juvenile court, said the girl told him a dance hall, a night club, and a lunch room were meeting places for young drug addicts and drug peddlers. Her name was not disclosed.

## BRIDGE FALLS; WORKMAN DIES

Pittsburgh, Feb. 12 (AP)—Cold and weary rescue workers found the crushed body of a crane operator today in the twisted wreckage of a huge coal bridge after freeing one man four hours earlier.

A physician lowered into the mass of tangled steel said Austin McCall, 50, of nearby Clairton died instantly when the 785-ton span collapsed.

Paul Usko, 44, of Glasport miraculously escaped serious injury. He was pulled from the maze of debris 10 hours after the bridge twisted and fell yesterday morning during a swirling snow storm.

Ruined to the hospital of Clairton By-Products plant of U. S. Steel Co., Usko was given first-aid treatment. Plant officials said he apparently suffered only shock.

About 200 plant workers and men from the American Bridge Co. had worked feverishly to reach the two crane-men. Contact with Usko was withheld.

Shortly after Dilworth met with the group, Detective William Becker reported that a home-made bomb bearing a swastika was found at a side door of the Congregation Beth Judah synagogue in West Philadelphia. A woman group leader who was inside the synagogue said she snuffed out the bomb. Becker believed teenagers were responsible.

Last week two home-made bombs were discovered on a windowsill of Olney high school. They were put out before they could explode. In January a fire started by a similar bomb caused slight damage at a synagogue.

## Traffic Tickets Bring \$373 Fine

Philadelphia, Feb. 12 (AP)—Police came across an abandoned car this week-end and towed it off. They had seen it before.

In fact records showed they had placed 37 traffic summonses on it during the last ten months — without ever hearing from the owner.

Yesterday Steve Kosolor, 19, of Bridgton, N. J., walked into the station and inquired about the car. He was arrested.

Chief Magistrate James J. Clotter conducted a hearing and levied a \$373.26 fine. Kosolor's father paid the fine and Kosolor went off with the car.

established shortly after the bridge collapsed but rescuers tried in vain to get some word from McCall.

The 400-foot bridge was built in 1929 to carry cranes which unload coal from barges and deposit it in a huge pile. Both men were working in moving cranes when the bridge broke in the middle and fell on the coal pile with a thunderous roar.

## Winnie Judd Before Grand Jury 4 Hours

Phoenix, Ariz., Feb. 12 (AP)—A county grand jury heard four hours of testimony from trunk murderer Winnie Ruth Judd yesterday — but she has been no indication of what she had to say.

She was whisked into the jury chambers in a surprise move and was closeted for four hours.

Mrs. Judd, who was committed to the Arizona Hospital for Insane

after she killed two girl friends 21 years ago, seemed happy and elated when she finished. The jury has not disclosed whether she will be called again.

Mrs. Judd returned to the asylum last week voluntarily after her fifth escape. Anonymous friends had telephoned the hospital superintendent she would surrender if allowed to go before the jury.

## Crash Was National's Third In 17 Years

Philadelphia, Feb. 12 (AP)—The crash of a National Airlines plane at Elizabeth, N. J., early Monday was the third fatal accident in the company's 17-year history.

A four-engine National Airlines plane crashed after skidding on an icy runway at Philadelphia International airport January 14, 1951. Five women and two babies died in the Philadelphia crash.

One of the women, heroic Stewardess Mary Frances Housley, 24, of Jacksonville, Fla., was found dead in the wreckage, her arms around one of the babies. Passengers said she had made repeated trips into flaming plane to aid others.

One man died in the company's in October, 1943.

Pittsburgh, Feb. 12 (AP)—The arrest of a 15-year-old girl student at Carick high school brought reports today of widespread heroin and marijuana parties in that school and others.

James McKnight, special investigator for juvenile court, said the girl told him a dance hall, a night club, and a lunch room were meeting places for young drug addicts and drug peddlers. Her name was not disclosed.

## BRIDGE FALLS; WORKMAN DIES

Pittsburgh, Feb. 12 (AP)—Cold and weary rescue workers found the crushed body of crane man today in the twisted wreckage of a huge coal bridge after freeing one man four hours earlier.

A physician lowered into the mass of tangled steel said Austin McCall, 50, of nearby Clairton died instantly when the 795-ton span collapsed.

Paul Usko, 44, of Glasport miraculously escaped serious injury. He was pulled from the maze of debris 10 hours after the bridge twisted and fell yesterday morning during a swirling snow storm.

Ruined to the hospital of Clairton By-Products plant of U. S. Steel Co., Usko was given first-aid treatment. Plant officials said he apparently suffered only shock.

About 200 plant workers and men from the American Bridge Co. had worked feverishly to reach the two crane men. Contact with Usko was withheld.

Shortly after Dilworth met with the group, Detective William Becker reported that a home-made bomb bearing a swastika was found at a side door of the Congregation Beth Judah synagogue in West Philadelphia. A woman group leader who was inside the synagogue said she snuffed out the bomb. Becker believed teenagers were responsible.

Last week two home-made bombs were discovered on a sidewalk of Olney high school. They were put out before they could explode. In January a fire started by a similar bomb caused slight damage at a synagogue.

## Traffic Tickets Bring \$373 Fine

Philadelphia, Feb. 12 (AP)—Police came across an abandoned car this week-end and towed it off. They had seen it before.

In fact records showed they had placed 37 traffic summonses on it during the last ten months — without ever hearing from the owner.

Yesterday Steve Kosolov, 19, of Bridgton, N. J., walked into the station and inquired about the car. He was arrested.

Chief Magistrate James J. Clough conducted a hearing and levied a \$373.26 fine. Kosolov's father paid the fine and Kosolov went off with the car.

established shortly after the bridge collapsed but rescuers tried in vain to get some word from McCall.

The 400-foot bridge was built in 1929 to carry cranes which unload coal from barges and deposit it in a huge pile. Both men were working in moving cranes when the bridge broke in the middle and fell on the coal pile with a thunderous roar.

## Winnie Judd Before Grand Jury 4 Hours

Phoenix, Ariz., Feb. 12 (AP)—A county grand jury heard four hours of testimony from trunk murderer Winnie Ruth Judd yesterday — but these have been no indication of what she had to say.

She was whisked into the jury chambers in a surprise move and was closeted for four hours.

Mrs. Judd, who was committed to the Arizona Hospital for Insane

after she killed two girl friends 21 years ago, seemed happy and elated when she finished. The jury has not disclosed whether she will be called again.

Mrs. Judd returned to the asylum last week voluntarily after her fifth escape. Anonymous friends had telephoned the hospital superintendent she would surrender if allowed to go before the jury.

# Littlestown LARGE CROWD AT UNION SERVICES

A large congregation was in attendance at the community vesper service Sunday evening in St. Paul's Lutheran church. The devotions were in charge of the host pastor, the Rev. David S. Kammerer. The scripture lesson was read by the Rev. Mr. Kammerer. An anthem was sung by the Senior choir of St. Paul's church under the direction of L. Robert Snyder, with Mrs. Karl P. Banker, church organist, presiding at the console.

The guest speaker was the Rev. Ariel R. Turner, pastor of First Methodist church, Hanover. His sermon was based on the text: Matthew 9:23, "You shall have what you seek." The Rev. Mr. Turner was introduced by the Rev. Mr. S. S. Sirois, pastor of Central Presbyterian church. The service closed with congregational singing and the benediction was pronounced by the Rev. Mr. Turner.

Sunday evening, February 17, the Rev. William C. Kears will be installed as the new pastor of St. John's Lutheran church. The Rev. Mr. Kears and his family moved to Littlestown from Willow Grove, during the latter part of January, and the new pastor assumed his duties at St. John's church on February 1. The installation will be in charge of the Rev. Dr. George H. Berkheimer, Hanover, secretary of the Central Pennsylvania Synod.

**Class T. Meet**

The Young Men's Sunday school class of St. Paul's Lutheran church will meet this evening at 7:30 o'clock at the church. A timely subject by a well known moderator with the new visual aid projector will be featured at the February meeting.

Jeffrey Noel Waltman, infant son of Henry E. and Mildred Heiser Waltman, Maple avenue, was baptized following the Sunday morning worship service at St. Paul's church by the pastor, the Rev. David S. Kammerer. The child was born December 25, 1931, at the Warner hospital, Gettysburg.

Following the Sunday morning worship service at St. John's Lutheran church, the pastor, the Rev. William C. Kears, baptized: Harold Lester, son of Fred and Myrtle Kuhn, Littlestown R. D. 2, born October 5, 1931; Janet Marie Shaffer, daughter of Mr. and Mrs. Ralph C. Shaffer, Hanover R. 3, born September 18, 1931.

Uniform inspection will be conducted at the regular meeting of Boy Scout Troop No. 84 on Wednesday evening, 7:30 o'clock, in the basement of the Littlestown State bank building. Scouts are reminded to keep up their attendance as well as payment of dues. All records should be up to date, as re-registration of the troop will be held in the near future.

**Supper At Legion**

A covered dish supper for the members of the Ladies' Auxiliary to the Ocker Snyder Post No. 321, American Legion, and their families, will take place in connection with the February meeting on Wednesday evening, 7:30 o'clock, at the post home, East King street. Each member is requested to bring an item of food for the meal and the turkey will be furnished. A special program is being presented and a guest speaker has been secured for the affair. Mrs. Wilbur E. Mackley and Mrs. James W. Payer serve as co-chairmen of the committee on arrangements.

Jean McCrehead was the leader at the meeting of the Youth Fellowship of Redeemer's Reformed church on Sunday evening. A discussion, was held concerning Paul Blanchard's book, "American Freedom." The Scripture lesson was read by Danice Cornell and prayer was offered by the pastor, the Rev. Frank E. Reynolds. Group singing took place with Lois Ann Freese as piano accompanist. The next meeting of the Youth Fellowship will be held Sunday evening at 6 o'clock in the hall of the church.

The weekly service of the Littlestown Methodist church will be held on Thursday evening at 8 o'clock in the hall of the church. The service will be held in the hall of the church.

Following the regular meeting of the Littlestown Post and Game Association, Inc. on Wednesday evening, 7:30 o'clock at the clubhouse, near the German town ship, a meeting of the committee to make plans for the Sportsmen's sports will take place Thursday, Friday and Saturday evenings, February 12, 22 and 23, in St. Albert's parish hall. The show will include free entertainment each evening, unknown and games. At the regular meeting Wednesday, membership dues for 1932 will be payable. The February entertainment committee is composed of Glenn Bowers, Robert Spangler and Paul L. Hollinger.

# Recreation Board (Continued from Page 1)

through your present cafeteria manager, with Recreation providing whatever funds are necessary for that service."

At Brown's request, a committee from the executive committee of the joint board, comprising Ralph Guise, Melvin Kane and Mrs. Letha Hartman was appointed to work with the committee from the recreation association in setting up plans for the "teen-age" dances.

Brown presented John D. Teeter who told the group he was ready to begin this morning placing a walk to the entrance to the cafeteria so that use of the room for dances can begin "possibly within a week."

**Discuss Loyalty Oath**

The question of how to arrange for all of the school system's teachers and employees to take the loyalty oath prescribed by law occupied the attention of the board. After various suggestions, the secretary, Paul M. Rohrbaugh, was instructed to "get a good sweater" and have the oath administered to the employees and teachers as a group.

The current year will be a "lean one" as far as state reimbursements are concerned, compared to what the districts will receive next year, the board learned during a study of finances.

The junior high school, which started this year, will mean an increase in the amount received from the state next year. Dr. Lloyd C. Keefe, superintendent, told the board members, but the reimbursement received this year will be based on last year when the junior high school did not exist, and as a result will be lower than amounts to be received in future years.

To pay for the \$137,664 to be spent for elementary education in the joint, and \$205,671 to be spent on secondary education, the various districts will have to pay the following amounts into the jointure, Dr. Keefe said: Cumberland township, \$59,912.52; Franklin, \$40,887.40; Freedom, \$14,223.34; Gettysburg, \$134,632.34; Highland, \$124,152.38; Mt. Joy, \$24,486.22, and Strasburg, \$57,039.63. So far the districts have paid the following amounts into the jointure for this year's operation: Cumberland, \$27,496.67; Franklin, \$11,755.56; Freedom, \$6,126.84; Gettysburg, \$102,130.04; Highland, \$2,609.41; Mt. Joy, \$9,000; and Strasburg, \$26,998.76.

**Reveals "Bonuses"**

Dr. Keefe revealed that the districts will receive a "bonus" ranging from \$201.50 to \$407.15 per unit of 30 elementary or 22 secondary students per year from the state merely because they belong to a jointure. He presented a list for each district showing how much the state pays per unit of 30 elementary or 22 secondary students, and the bonus.

The figures, with the "base" appropriation paid by the state first and the "bonus" listed second, are as follows: Cumberland, \$2,751.98 and \$337.40; Franklin township, \$2,897.51 and \$376.30 (with the bonus only on high school students as they are the only ones in the jointure); Freedom, \$2,332.83 and \$267.90; Gettysburg, \$1,551.55 and \$201.50; Highland, \$2,603.37 and \$338.10; Mt. Joy, \$2,771.61 and \$359.95; Strasburg, \$3,125.06 and \$407.15.

Dr. Keefe listed as new reimbursement fractions for the districts: Cumberland, 71.48; Franklin, 73.25; Freedom, 73.58; Gettysburg, 40.30; Highland, 67.62; Mt. Joy, 71.99 and Strasburg, 81.43. The districts will receive those percentages from the state, of their outlay for transportation. The amount of reimbursement they will receive toward "rental" of the new high school building also will be based on those reimbursement fractions. Under the state plan, Gettysburg, since it has lower than a 50 percent figure, will receive from the state in reimbursement 50 percent of what it pays toward the "rental." Those whose reimbursement fractions are above 50 percent receive an amount based on the square of the reimbursement fraction, ranging from about 60 percent for Franklin to about 75 percent for Strasburg.

Keefe noted that the "bonus" received for being in a jointure would be even higher, by about three times if the jointure were a merger.

The seven committee members were asked to urge their respective school boards to study their bus routes, determine the number of school bus stops needed in their own district, check those figures with the State Highway department and report back at the next meeting.

With those reports on hand, the jointure plans to purchase the required number of buses. According to discussion Monday night the board plans to purchase the school bus stop signs only for major highways, with Attorney Richard A. Brown observing "We will simply have to observe the spirit of the law, because it would be senseless to put up signs on some of the rural roads. When the bus stops, the road is completely filled anyway and nothing can pass, so the signs would be valueless." Brown warned the board to be careful where you put the stop signs, because according to law the bus drivers can stop only where the signs are placed.

The River and Flood Forecasting Service of the U. S. Weather Bureau is conducted through 26 river district offices and four river forecasting centers. It issues flood warnings for all principal U. S. rivers and tributaries.

# FISHER HEAD OF MANUFACTURERS

Edward H. Fisher, vice president and general manager of A. B. Parquhar Co., division of the Oliver Corporation, was elected president of the Manufacturers' Association of York at the 46th annual meeting Monday in York.

He succeeds George J. Campbell, Jr., president of Campbell Chain Co., York. The new leader of York county industry previously had served the employers' organization as vice president and was a member of its board of directors for seven years.

Also elected to executive posts in the association, whose members include 230 manufacturers, were Edwin A. Gentzler, manager, United Wallpaper Inc., vice president, and John C. Mott, president, George F. Mott's Sons, a new member of the board of directors.

Re-elected to membership on the board were: P. H. Glafelt III, executive vice president, H. H. Glafelt Co., Spring Grove; William Allen, manager, Mohabdenum Corp. of America; Robert P. Turner, Jr., plant manager, New York Wire Cloth company; John T. Robertson, president, York Corrugating company, Duncan D. McArthur, vice president and secretary, S. Morgan Smith company; Henry M. Thorntun, executive vice president, the Denton's Supply company; J. Keith Louden, vice president and assistant to the president, York Corporation; J. Ramsey Taylor, president, T. R. Taylor and company, and John S. Kiegl, vice president, York Wall Paper company.

Association staff officers who were re-elected at the meeting in the organization's building, 25 N. Duke street, York, are John P. Padden, executive secretary; Granville B. Dailey, assistant secretary, and John B. Mummett, treasurer.

# Text Of Address By Sen. Martin At Lincoln Dinner

(Continued from Page 1)

celebrated wherever men rejoice in the ideals of freedom. As Americans and as Republicans, we can pay no greater honor to the memory of Abraham Lincoln than by planning and working to preserve the Republic he so nobly served.

**Freedom Of Individuals**

"Lincoln truly believed in freedom of the individual—in the right of every American to work and prosper—to establish his own security by industry and thrift—to make a better life for himself and his children through his own initiative and energy.

"Lincoln recognized that interference by government in the lives of its citizens was an encroachment upon individual liberty and a barrier to opportunity. Nearly one hundred years ago he expounded a principle of government to which the Republican party has adhered ever since.

"In a speech on July 1, 1854, he said:

"The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do at all, or cannot so well do, for themselves in their separate and individual capacities. In all that the people can do as well for themselves, government ought not to interfere.

**Paternalistic Government**

"That was Lincoln's warning against a paternalistic government. That was his warning against the false promise of ease and security that destroys initiative, industry, thrift and self-reliance and robs youth of all opportunity.

"Those time-honored qualities are no longer taught to our boys and girls. We have failed to hold up Lincoln's rise from a life of poverty and hardship to immortal fame as an example and an inspiration to our youth.

"Instead they are taught in their social studies and by Truman bureaucratic propaganda to depend upon government handouts as a substitute for work that will build their own future and security.

"That kind of teaching destroys ambition. It destroys the foundation of American progress. It is the road to disaster and the loss of freedom under state Socialism.

"We have forgotten Lincoln's warning that government ought not to interfere in all that the people can do for themselves in their separate and individual capacities.

**Top-Heavy Bureaucracy**

"Departure from that principle during the last 20 years has built up at Washington the most dangerous and top heavy bureaucracy in all history.

"It has made the federal government so big, so complex and so cumbersome that it no longer represents Lincoln's concept of government of the people, by the people and for the people."

"It has multiplied the functions of the federal government until we now have more than two and one-half million civilian employees on the payroll—at a cost of ten and one-half billion dollars a year. Only 20 years ago it required less than 600,000 employees to operate the federal government and the annual payroll was less than \$5 million dollars.

"In 20 years it has increased the cost of government at Washington from less than five billion dollars a year to the \$5 billion dollar budget proposed by President Truman for the next fiscal year.

"Based on the average cost to every man, woman and child in the United States it means that Adams county's share of operating the federal government in the coming year will be a little over 23 million dollars.

"Just think of it. That figure is approximately one million dollars more than the assessed valuation of all your real estate and personal property combined.

**Heaviest Peace-Time Taxes**

"Departure from the sound principles of government has taken from the American people the heaviest peace time taxes since the world began.

"It has loaded upon us a crushing burden of debt which has increased from less than 20 billion dollars in 1912 to the present terrifying figure of 259 billion dollars.

"When we translate that debt into terms of Adams county, we find that your share is about three and a half times as much as the assessed value of all your real estate and personal property.

"In the last 20 years we have seen the growing concentration of power and authority at Washington. This has robbed the states of their normal functions, making them more and more dependent upon the federal government and destroying local control of local affairs.

"We have seen the administration now in power impose upon the American people one Socialistic scheme after another. I am glad to say that the Jeffersonian Democrats in Congress joined with a majority of the Republicans to reject the dangerous proposals to socialize medicine, agriculture, the public school system and industry under federal control.

**Hamper Private Enterprise**

"We have seen the administration hamper the expansion of private enterprise by placing unwarranted restrictions and controls on all business and industry.

"These examples of incompetence and mismanagement in our national affairs are enough to shock every right-thinking, self-respecting American.

"But more alarming and more outrageous is the destructive blight of corruption which has been disclosed in high government places.

"Never before in the history of our nation has there been such a callous disregard for honesty in the conduct of public affairs.

"Never before have such scandalous violations of all moral standards been tolerated, condoned and protected as they are today.

"The President's failure to take prompt and drastic action against the crooks in public office is one of the most disgraceful affairs in American history.

"As I observe the dark clouds of corruption hanging over the White House and spreading out over important agencies of the government, I am confident that the people will demand a return to the sound, honest principles of the Republican party.

**Drive Out Corruption**

"If the Republican party can be said to have one paramount objective—one cause to which it is committed—it is to drive out corruption and to restore decency, integrity and morality in our government. In the clash between right and wrong there can be no middle ground, no compromise.

"It is our duty to arouse the fighting spirit of our decent citizens."

resents Lincoln's concept of government of the people, by the people and for the people."

"It has multiplied the functions of the federal government until we now have more than two and one-half million civilian employees on the payroll—at a cost of ten and one-half billion dollars a year. Only 20 years ago it required less than 600,000 employees to operate the federal government and the annual payroll was less than \$5 million dollars.

"In 20 years it has increased the cost of government at Washington from less than five billion dollars a year to the \$5 billion dollar budget proposed by President Truman for the next fiscal year.

"Based on the average cost to every man, woman and child in the United States it means that Adams county's share of operating the federal government in the coming year will be a little over 23 million dollars.

"Just think of it. That figure is approximately one million dollars more than the assessed valuation of all your real estate and personal property combined.

**Heaviest Peace-Time Taxes**

"Departure from the sound principles of government has taken from the American people the heaviest peace time taxes since the world began.

"It has loaded upon us a crushing burden of debt which has increased from less than 20 billion dollars in 1912 to the present terrifying figure of 259 billion dollars.

"When we translate that debt into terms of Adams county, we find that your share is about three and a half times as much as the assessed value of all your real estate and personal property.

"In the last 20 years we have seen the growing concentration of power and authority at Washington. This has robbed the states of their normal functions, making them more and more dependent upon the federal government and destroying local control of local affairs.

"We have seen the administration now in power impose upon the American people one Socialistic scheme after another. I am glad to say that the Jeffersonian Democrats in Congress joined with a majority of the Republicans to reject the dangerous proposals to socialize medicine, agriculture, the public school system and industry under federal control.

**Hamper Private Enterprise**

"We have seen the administration hamper the expansion of private enterprise by placing unwarranted restrictions and controls on all business and industry.

"These examples of incompetence and mismanagement in our national affairs are enough to shock every right-thinking, self-respecting American.

"But more alarming and more outrageous is the destructive blight of corruption which has been disclosed in high government places.

"Never before in the history of our nation has there been such a callous disregard for honesty in the conduct of public affairs.

"Never before have such scandalous violations of all moral standards been tolerated, condoned and protected as they are today.

"The President's failure to take prompt and drastic action against the crooks in public office is one of the most disgraceful affairs in American history.

"As I observe the dark clouds of corruption hanging over the White House and spreading out over important agencies of the government, I am confident that the people will demand a return to the sound, honest principles of the Republican party.

**Drive Out Corruption**

"If the Republican party can be said to have one paramount objective—one cause to which it is committed—it is to drive out corruption and to restore decency, integrity and morality in our government. In the clash between right and wrong there can be no middle ground, no compromise.

"It is our duty to arouse the fighting spirit of our decent citizens."

ship, to drive out the grafters, the bribe-takers, the tax fraud fixers and all other rascals who have betrayed the public trust.

"Corruption must be driven out; the guilty must be punished, no matter whether they are Democrats or Republicans.

"Unless we do that promptly and vigorously, confidence in the American system of government will be undermined and destroyed.

**Corruption Precedes Downfall**

"History teaches that corruption in government has always preceded the downfall of nations through the degeneration of the moral fiber of the people.

"In the philosophy of Abraham Lincoln we can find guidance to the higher moral and spiritual standards that are so badly needed today.

"In an address at Springfield, Illinois, he set forth a lesson in right living which gives new patriotic inspiration with every reading.

"I quote from Lincoln's speech as follows:

"Let every American, every lover of liberty, every well-wisher to his posterity swear by the blood of the Revolution never to violate, in the least particular, the laws of the country, and never to tolerate their violation by others. Let every man remember that to violate the law is to trample on the blood of his father and to tear the charter of his own and his children's liberty. Let reverence for the laws be breathed by every American mother to the lisping babe that prattles on her lap, let it be taught in the schools, in seminaries, and in colleges; let it be written in primers, spelling books, and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice."

**First GOP President**

"We honor Lincoln tonight as a leader in world progress and as a benefactor of mankind. We honor him as a great statesman of clear vision and deep understanding of real Americanism, whose great achievement was the preservation of the Union.

"We honor him as one of the founders of the Republican party and the first Republican President of the United States.

"We recall his genius as a politician who placed principle first in his political activity. He experienced disappointment, discouragement and defeat but he held fast to the principles in which he believed.

"He was a strong party man. He believed in party loyalty and party discipline. His statesmanship represented political action at its best. He believed in good government, honest government, as the best politics because it truly advanced the welfare of his fellow Americans.

"In the spirit of Abraham Lincoln we must enlist all who love our country, regardless of political affiliation, in a great crusade to save America.

**Fight State Socialism**

"As Republicans and as Americans, we must fight against the encroachment of State Socialism upon our liberties.

"We must fight to preserve the American way of life from Truman policies that are destroying freedom of the individual.

"We must fight to save free enterprise and freedom of opportunity from being crushed under the burden of big government, excessive taxation and a national debt far beyond the possibility of payment in this century or the next.

"We must drive out of the government every crook and grafter who looks upon public office as a short cut to personal enrichment.

"As I observe the rising tide of resentment against the failure and incompetence of the Truman Administration, I am convinced beyond all doubt that we are on our way to a great victory in November.

**Need Great American**

"When our standard bearer is nominated at Chicago next June he should be a man in whom all the people, without regard for party affiliation, place complete faith and confidence.

"He must be a great American, imbued with all the American ideals. He must be a man of unimpeachable honesty and integrity. He must believe in freedom of the individual, economy in government, balanced budgets and sound fiscal policies.

"He must have a profound knowledge of government and a comprehensive understanding of national and international policies.

Above all he must have the courage to slug it out with Trumanism and all it stands for. He must have the will and the determination to carry the truth to the people on a Republican platform of positive Americanism.

"With such a man to lead us in this patriotic endeavor we can strengthen the structure of liberty and independence to which Lincoln gave the last full measure of devotion."

"We can elect a Republican President of the United States and regain Republican control of Congress.

"We can restore our Republic to her rightful place of leadership for peace, freedom and justice as symbolized by the light which shines eternally on Gettysburg's sacred shrine of American heroism."

### LARGE CROWD AT UNION SERVICES

A large congregation was in attendance at the community vesper service Sunday evening in St. Paul's Lutheran church. The devotion was in charge of the host pastor, the Rev. David S. Kammerer. The scripture lesson was read by the Rev. Mr. Kammerer. An anthem was sung by the Senior choir of St. Paul's church under the direction of L. Robert Snyder, with Mrs. Karl P. Bankert, church organist, presiding at the console.

The guest speaker was the Rev. Arnel R. Turner, pastor of First Methodist church, Hanover. His sermon was based on the text Matthew 9:29, "You shall have what your faith expects." The Rev. Mr. Turner was introduced by the Rev. Harvey B. Sizons, pastor of Centenary Methodist church. The service closed with congregational singing and the benediction was pronounced by the Rev. Mr. Turner.

Sunday evening, February 17, the Rev. William C. Karns will be installed as the new pastor of St. John's Lutheran church. The Rev. Mr. Karns and his family moved to Littlestown, from Willow Grove, during the latter part of January, and the new pastor assumed his duties at St. John's church on February 1. The installation will be in charge of the Rev. Dr. George H. Berkeimer, Harrisburg, secretary of the Central Pennsylvania Synod.

**Class To Meet**  
The Young Men's Sunday school class of St. Paul's Lutheran church will meet this evening at 7:30 o'clock at the church. A timely subject by a well known moderator with the new visual aid projector will be featured at the February meeting.

Jeffrey Noel Waltman, infant son of Henry E. and Mikred Heiser Waltman, Maple avenue, was baptized following the Sunday morning worship service at St. Paul's church by the pastor, the Rev. David S. Kammerer. The child was born December 25, 1951, at the Warner hospital, Gettysburg.

Following the Sunday morning worship service at St. John's Lutheran church, the pastor, the Rev. William C. Karns, baptized: Harold Leister, son of Fred and Myrtle Kuhn Leister, Littlestown R. D., born October 5, 1951; Janet Marie Shaffer, daughter of Mr. and Mrs. Ralph C. Shaffer, Hanover R. 3, born September 18, 1951.

Uniform inspection will be conducted at the regular meeting of Boy Scout Troop No. 84 on Wednesday evening, 7:30 o'clock, in the basement of the Littlestown State bank building. Scouts are reminded to keep up their attendance as well as payment of dues. All records should be up to date, as re-registration of the troop will be held in the near future.

**Supper At Legion**  
A covered dish supper for the members of the Ladies' Auxiliary to the Ocker Snyder Post No. 321, American Legion, and their families, will take place in connection with the February meeting on Wednesday evening, 7:30 o'clock, at the post home, East King street. Each member is requested to bring an item of food for the meal and the turkey will be furnished. A special program is being presented and a guest speaker has been secured for the affair. Mrs. Wilbur E. Mackley and Mrs. James W. Packer serve as co-chairmen of the committee on arrangements.

Jean Morehead was the leader at the meeting of the Youth Fellowship of Redeemer's Reformed church on Sunday evening. A discussion was held concerning Paul Blanchard's book, "American Freedom." The Scripture lesson was read by Diane Cornell and prayer was offered by the pastor, the Rev. Frank E. Reynolds. Group singing took place with Lois Ann Feaser as piano accompanist. The next meeting of the Youth Fellowship will be held Sunday evening at 6 o'clock in the social hall of the church.

The weekly rehearsal of the Littlestown Men's chorus will be held on Thursday evening at 9 o'clock in the Adult Sunday school room of St. Paul's Lutheran church. Following the regular meeting of the Littlestown Fish and Game association, Inc., on Wednesday evening at 7:30 o'clock at the clubhouse, near town, Germany township, a meeting of the committees to make final plans for the Sportsmen's show will be held. The Sportsmen's show will take place Thursday, Friday and Saturday evenings, February 21, 22 and 23, in St. Aloysius parish hall. The show will include free entertainment each evening, exhibits and games. At the regular meeting Wednesday, membership dues for 1952 will be payable. The February entertainment committee is composed of Glenn Bowers, Robert Spangler and Paul L. Hollinger.

**DOUBLE EVENT**  
Scranton, Feb. 12 (AP)—The state's anthracite coal miners are not working today in observance of the birthdays of John L. Lewis, president of the miners' union, and Abraham Lincoln. February 12 is one of the holidays listed in the agreement between the union and coal producers.

through your present cafeteria manager, with Recreation providing whatever funds are necessary for that service."

At Brown's request, a committee from the executive committee of the joint board, comprising Ralph Guise, Melvin Kane and Mrs. Letha Hartman was appointed to work with the committee from the recreation association in setting up plans for the "teen-age" dances.

Brown presented John D. Teeter who told the group he was ready to begin this morning placing a walk to the entrance to the cafeteria so that use of the room for dances can begin "possibly within a week."

### Discuss Loyalty Oath

The question of how to arrange for all of the school system's teachers and employees to take the loyalty oath prescribed by law occupied the attention of the board. After various suggestions, the secretary, Paul M. Rohrbaugh, was instructed to "get a good swearer" and have the oath administered to the employees and teachers as a group.

The current year will be a "lean one" as far as state reimbursements are concerned, compared to what the districts will receive next year, the board learned during a study of figures.

The junior high school, which started this year, will mean an increase in the amount received from the state next year, Dr. Lloyd C. Keefeauver, superintendent, told the board members, but the reimbursement received this year will be based on last year when the junior high school did not exist, and as a result will be lower than amounts to be received in future years.

To pay for the \$137,664 to be spent for elementary education in the jointure and \$205,671 to be spent on secondary education, the various districts will have to pay the following amounts into the jointure, Dr. Keefeauver said: Cumberland township, \$59,912.52; Franklin, \$40,887.40; Freedom, \$34,223.34; Gettysburg, \$134,633.54; Highland, \$12,152.38; Mt. Joy, \$24,486.22, and Straban, \$57,039.63. So far the districts have paid the following amounts into the jointure for this year's operation: Cumberland, \$27,496.67; Franklin, \$11,755.56; Freedom, \$6,126.84; Gettysburg, \$102,130.04; Highland, \$2,609.41; Mt. Joy, \$9,000, and Straban, \$26,008.76.

### Reveals "Bonuses"

Dr. Keefeauver revealed that the districts will receive a "bonus" ranging from \$201.50 to \$407.15 per unit of 30 elementary or 22 secondary students per year from the state merely because they belong to a jointure. He presented a list for each district showing how much the state pays per unit of 30 elementary or 22 secondary students, and the bonus.

The figures, with the "base" appropriation paid by the state first and the "bonus" listed second, are as follows: Cumberland, \$2,751.98 and \$357.40; Franklin township, \$2,897.51 and \$376.30 (with the bonus only on high school students as they are the only ones in the jointure); Freedom, \$2,032.93 and \$267.90; Gettysburg, \$1,551.55 and \$201.50; Highland, \$2,603.37 and \$338.10; Mt. Joy, \$2,771.61 and \$359.95; Straban, \$3,125.06 and \$407.15.

Dr. Keefeauver listed as new reimbursement fractions for the districts: Cumberland, 71.48; Franklin, 75.28; Freedom, 73.58; Gettysburg, 40.30; Highland, 67.62; Mt. Joy, 71.99 and Straban, 81.43. The districts will receive those percentages from the state, of their outlay for transportation. The amount of reimbursement they will receive toward "rental" of the new high school building also will be based on those reimbursement fractions. Under the state plan, Gettysburg, since it has lower than a 50 percent figure, will receive from the state in reimbursement 50 percent of what it pays toward the "rental." Those whose reimbursement fractions are above 50 percent receive an amount based on the square of the reimbursement fraction, ranging from about 60 percent for Franklin to about 75 percent for Straban.

Keefeauver noted that the "bonus" received for being in a jointure would be even higher, by about three fifths if the jointure were a merger. The executive committee members were asked to urge their respective school boards to study their bus routes, determine the number of school bus stop signs needed in their own district, check those figures with the State Highway department and report back at the next meeting.

With those reports on hand, the jointure plans to purchase the required number of signs. According to discussion Monday night the board plans to purchase the school bus stop signs only for major highways, with Attorney Richard A. Brown observing: "We will simply have to observe the spirit of the law, because it would be senseless to put up signs on some of the rural roads. When the bus stops, the road is completely filled anyway and nothing can pass, so the signs would be valueless." Brown warned the board to "be careful where you put the stop signs, because according to law the bus drivers can stop only where the signs are placed."

The River and Flood Forecasting Service of the U.S. Weather Bureau is conducted through 86 river district offices and four river forecasting centers. It issues flood warnings for all principal U.S. rivers and tributaries.

## FISHER HEAD OF MANUFACTURERS

Edward H. Fisher, vice president and general manager of A. B. Parquhar Co., division of the Oliver Corporation, was elected president of the Manufacturers' Association of York at the 46th annual meeting Monday in York.

He succeeds George J. Campbell, Jr., president of Campbell Chain Co., York. The new leader of York county industry previously had served the employers' organization as vice president and was a member of its board of directors for seven years.

Also elected to executive posts in the association, whose members include 230 manufacturers, were Edwin A. Gentzler, manager, United Wallpaper Inc., vice president, and John C. Motter, president, George F. Motter's Sons, a new member of the board of directors.

Re-elected to membership on the board were: P. H. Glatfelter III, executive vice president, P. H. Glatfelter Co., Spring Grove; William Allen, manager, Molybdenum Corp. of America; Robert P. Turner, Jr., plant manager, New York Wire Cloth company; John T. Robertson, president, York Corrugating company; Duncan D. McArthur, vice president and secretary, S. Morgan Smith company; Henry M. Thornton, executive vice president, the Dentists' Supply company; J. Keith Loudon, vice president and assistant to the president, York Corporation; J. Ramsey Taylor, president, T. R. Taylor and company, and John S. Keger, vice president, York Wall Paper company.

Association staff officers who were re-elected at the meeting in the organization's building, 25 N. Duke street, York, are John F. Padden, executive secretary; Granville B. Dailey, assistant secretary, and Jean B. Mummert, treasurer.

(Continued from Page 1)

celebrated wherever men rejoice in the ideals of freedom. As Americans and as Republicans, we can pay no greater honor to the memory of Abraham Lincoln than by planning and working to preserve the Republic he so nobly served.

### Freedom Of Individuals

"Lincoln truly believed in freedom of the individual—in the right of every American to work and prosper—to establish his own security by industry and thrift—to make a better life for himself and his children through his own initiative and energy.

"Lincoln recognized that interference by government in the lives of its citizens was an encroachment upon individual liberty and a barrier to opportunity. Nearly one hundred years ago he expounded a principle of government to which the Republican party has adhered ever since.

"In a speech on July 1, 1854, he said:

"The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do at all, or cannot so well do, for themselves in their separate and individual capacities. In all that the people can do as well for themselves, government ought not to interfere."

### Paternalistic Government

"That was Lincoln's warning against a paternalistic government. That was his warning against the false promise of ease and security that destroys initiative, industry, thrift and self-reliance and robs youth of all opportunity.

"Those time-honored qualities are no longer taught to our boys and girls. We have failed to hold up Lincoln's rise from a life of poverty and hardship to immortal fame as an example and an inspiration to our youth.

"Instead they are taught in their social studies and by Truman bureaucratic propaganda to depend upon government handouts as a substitute for work that will build their own future and security.

"That kind of teaching destroys ambition. It destroys the foundation of American progress. It is the road to disaster and the loss of freedom under state Socialism.

"We have forgotten Lincoln's warning that government ought not to interfere in all that the people can do for themselves in their separate and individual capacities.

### Top-Heavy Bureaucracy

"Departure from that principle during the last 20 years has built up at Washington the most dangerous and top heavy bureaucracy in all history.

"It has made the federal government so big, so complex and so cumbersome that it no longer represents Lincoln's concept of government of the people, by the people and for the people."

Harrisburg, Feb. 12 (AP)—Major Gen. Frank A. Weber said today that training facilities at the Indiantown Gap Military Reservation have been made available to units of the Pennsylvania National Guard for week-end exercises during April, May and June of this year.

The state adjutant general said authorization to use the range and bivouac areas was obtained from headquarters of the U. S. Fifth Infantry Division which occupies the base.

resents Lincoln's concept of government of the people, by the people and for the people."

"It has multiplied the functions of the federal government until we now have more than two and one-half million civilian employees on the payroll—at a cost of ten and one-half billion dollars a year. Only 20 years ago it required less than 600,000 employees to operate the federal government and the annual payroll was less than \$5 million dollars.

"In 20 years it has increased the cost of government at Washington from less than five billion dollars a year to the \$5 billion dollar budget proposed by President Truman for the next fiscal year.

"Based on the average cost to every man, woman and child in the United States it means that Adams county's share of operating the federal government in the coming year will be a little over 23 million dollars.

"Just think of it. That figure is approximately one million dollars more than the assessed valuation of all your real estate and personal property combined.

**Heaviest Peace-Time Taxes**  
"Departure from the sound principles of government has taken from the American people the heaviest peace time taxes since the world began.

"It has loaded upon us a crushing burden of debt which has increased from less than 20 billion dollars in 1932 to the present terrifying figure of 259 billion dollars.

"When we translate that debt into terms of Adams county, we find that your share is about three and a half times as much as the assessed value of all your real estate and personal property.

"In the last 20 years we have seen the growing concentration of power and authority at Washington. This has robbed the states of their normal functions, making them more and more dependent upon the federal government and destroying local control of local affairs.

"We have seen the administration now in power impose upon the American people one Socialist scheme after another. I am glad to say that the Jeffersonian Democrats in Congress joined with a majority of the Republicans to reject the dangerous proposals to socialize medicine, agriculture, the public school system and industry under federal control.

**Hamper Private Enterprise**  
"We have seen the administration hamper the expansion of private enterprise by placing unwarranted restrictions and controls on all business and industry.

"These examples of incompetence and mismanagement in our national affairs are enough to shock every right-thinking, self-respecting American.

"But more alarming and more outrageous is the destructive blight of corruption which has been disclosed in high government places. "Never before in the history of our nation has there been such a callous disregard for honesty in the conduct of public affairs.

"Never before have such scandalous violations of all moral standards been tolerated, condoned and protected as they are today.

"The President's failure to take prompt and drastic action against the crooks in public office is one of the most disgraceful affairs in American history.

"As I observe the dark clouds of corruption hanging over the White House and spreading out over important agencies of the government, I am confident that the people will demand a return to the sound, honest principles of the Republican party.

**Drive Out Corruption**

"If the Republican party can be said to have one paramount objective—one cause to which it is committed—it is to drive out corruption and to restore decency, integrity and morality in our government. In the clash between right and wrong there can be no middle ground, no compromise.

"It is our duty to arouse the fighting spirit of our decent citizen-

ship, to drive out the grafters, the bribe-takers, the tax fraud fixers and all other rascals who have betrayed the public trust.

"Corruption must be driven out, the guilty must be punished, no matter whether they are Democrats or Republicans.

"Unless we do that promptly and vigorously, confidence in the American system of government will be undermined and destroyed.

**Corruption Precedes Downfall**  
"History teaches that corruption in government has always preceded the downfall of nations through degeneration of the moral fiber of the people.

"In the philosophy of Abraham Lincoln we can find guidance to the higher moral and spiritual standards that are so badly needed today.

"In an address at Springfield, Illinois, he set forth a lesson in right living which gives new patriotic inspiration with every reading.

"I quote from Lincoln's speech as follows:

"Let every American, every lover of liberty, every well-wisher to the posterity swear by the blood of the Revolution never to violate, in the least particular, the laws of the country, and never to tolerate their violation by others. Let every man remember that to violate the law is to trample on the blood of his father and to tear the charter of his own and his children's liberty. Let reverence for the laws be breathed by every American mother to the lisping babe that prattles on her lap, let it be taught in the schools, in seminaries, and in colleges; let it be written in primers, spelling books, and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice."

**First GOP President**  
"We honor Lincoln tonight as a leader in world progress and as a benefactor of mankind. We honor him as a great statesman of clear vision and deep understanding of real Americanism, whose great achievement was the preservation of the Union.

"We honor him as one of the founders of the Republican party and the first Republican President of the United States.

"We recall his genius as a politician who placed principle first in his political activity. He experienced disappointment, discouragement and defeat but he held fast to the principles in which he believed.

"He was a strong party man. He believed in party loyalty and party discipline. His statesmanship represented political action at its best. He believed in good government, honest government, as the best politics because it truly advanced the welfare of his fellow Americans.

"In the spirit of Abraham Lincoln we must enlist all who love our country, regardless of political affiliation, in a great crusade to save America.

**Fight State Socialism**

"As Republicans and as Americans we must fight against the encroachment of State Socialism upon our liberties.

"We must fight to preserve the American way of life from Truman policies that are destroying freedom of the individual.

"We must fight to save free enterprise and freedom of opportunity from being crushed under the burden of big government, excessive taxation and a national debt far beyond the possibility of payment in this century or the next.

"We must drive out of the government every crook and grafter who looks upon public office as a short cut to personal enrichment.

"As I observe the rising tide of resentment against the failure and incompetence of the Truman Administration, I am convinced beyond all doubt that we are on our way to a great victory in November.

"The Republican Party is for-

lunate to have within its ranks a wide choice of men, who are eminently qualified to lead the American people out of the New Deal and Fair Deal wilderness.

**Need Great American**  
"When our standard bearer is nominated at Chicago next June he should be a man in whom all the people, without regard for party affiliation, place complete faith and confidence.

"He must be a great American, imbued with all the American ideals. He must be a man of unimpeachable honesty and integrity. He must believe in freedom of the individual, economy in government, balanced budgets and sound fiscal policies.

"He must have a profound knowledge of government and a comprehensive understanding of national and international policies.

"We can elect a Republican President of the United States and regain Republican control of Congress.

"We can restore our Republic to her rightful place of leadership for peace, freedom and justice as symbolized by the light which shines eternally on Gettysburg's sacred shrine of American heroism."

"I quote from Lincoln's speech as follows:

"Let every American, every lover of liberty, every well-wisher to the posterity swear by the blood of the Revolution never to violate, in the least particular, the laws of the country, and never to tolerate their violation by others. ## Proved In Use...Finest Automatic Drive Ever Built!

## PACKARD ULTRAMATIC

**EXCELS ALL OTHERS  
IN SMOOTH  
PERFORMANCE AND  
DEPENDABILITY!**

"A NO-SHIFT DRIVE unlike any other!" "Well ahead of anything now available!" "Something to send rival automakers back to their drawing boards!" These were comments of editors and experts who tested Packard Ultramatic, triumph of 16 years' research. Use by thousands of Packard owners proves Ultramatic outperforms all other automatic drives under all conditions!

● ● Packard Ultramatic uses an all-fluid transmission for smooth, surging pickup

—then silently switches to solid, direct drive for peak efficiency and for full engine braking power. It can be reversed instantly for easier parking and rocking the car.

● ● Look at one more car. If you plan to spend \$2500 for a car, invest one hour and see how few dollars more it takes to own a Packard. Packard costs less to buy than you'd think, and the record over the years proves it costs less to own—for "Built like a Packard" means built to last!

● ● Only Packard has Ultramatic, proved in use to outperform all other automatic drives under all conditions.

● ● New Easamatic Power Brakes give faster, surer stops—require 40% less foot pressure, 29% less time to apply!

● ● Packard builds great engines! Packard's Thunderbolt Engine, the highest-compression eight, has up to 25% fewer working parts than engines of comparable power!

● ● Packard's safety-glass area of 3.046% square inches gives you all-around visibility.

● ● Handsome new interiors and fresh exterior color combinations accent Packard's smart, low lines. Seats are as wide as the car is high.

● ● Every Packard car undergoes 4,287 separate factory inspections. "Built like a Packard" means built to last!

### LIVE POULTRY—Market about steady.

Receipts light. Trading light. Wholesale prices per pound in Baltimore:

PRYERS—Over 2 pounds, 25-35c, according to quality and weight.

HENS—Heavy type, 25-31c; light type, 23-25c.

### Baltimore Livestock

CATTLE—Fresh receipts estimated at 1,200 head but not materially different from the count received a week ago. Most of the receipts were from Pennsylvania. In addition to the fresh supply around 276 head that were held from late last week was on sale. Sizable supply included a lot of yearling steers and slaughter steers and fourteen loads of stock cattle. Balance of the sale was made up largely of cows and heifers.

The usual complement of out of town buyers was present in addition to the local buyers but all worked very slowly and cautiously with a fairly determined effort to lower prices. Practically all operators complained of a very sluggish market. A steady supply of all classes of cattle was still in hand, at 1:00 P.M. and most such offerings carried lower bids.

A few scattered loads and smaller lots of slaughter steers, mostly yearlings, in opening rounds at generally steady prices but many cattle above 1,000 pounds were hard to move and carried 25c to 50c lower than Thursday. Most of cattle unsold at 1:00 P.M. carried 25-50c, and in instances more than 50c lower than the previous day. Most of utility grades, including a large lot of good and choice mixed lots 915-1,200 pounds, \$32.75-34.50. Few scattered small lots, 1,015-1,260 pounds, \$34.50-35.

The modest showing of heifers showed less net change than other classes of cattle and trading was rather slow. Commercial grades formed the bulk of the receipts, 24-28. Utility and commercial grades formed the bulk of the receipts, 24-28.

Scattered odd head lots of cows generally steady in opening rounds but later dealings mostly 25-50c lower with trading slow. Most of commercial grade cows, 24-25.25 including a load of rail-shipped offerings at the later price. Odd head commercial cow price, 24-28. Most of utility grades, 22-24, canners and cutters, 21-23.50. Shelly canners down to 21c and sometimes below.

Bulls also met a narrow outlet except at price discounts. Majority of trading consisted of a few lower commercial grades, 22-24. An individual good yearling beef topped the division at 27c; commercial grade bulls, 22-24. Most of the utility grade offerings, 22-25.50. Odd head lots of lightweight dairymaid steers, 22-24. Most of utility grades, 22-24.

Some inquiry was noted for under 500-pound steers but the market was slow. In this department also was weak and slow. The larger share of the run was still in hand at 1:00 P.M. Scattered lots of good and choice around 410-450-pound stocker steers and calves, 15-16.50.

CALVES—Receipts about normal compared with recent Mondays but figured about 30 percent smaller than the movement counted in a year ago. Buyers generally protected the current selling levels and trading slow throughout the session. However, prices for the most part showed little net change. Odd head prime calves topped at 34c while the market for the most part was 32-34. Commercial and good vealers and slaughter calves, 32-34. In most instances and cut and utility, 31-32. Odd light calves under 75 pounds to 21c or under.

HOGS—Fairly active trade developed in the hog department after a slow start. Salable receipts were around 15 percent larger than last Monday's count but fell about 30 percent short of the volume for the corresponding day in 1951. All weights and grades moved seaward 25c, lower compared with last Friday. A few scattered small lots of No. 1 and 2, choice 180-220-pound hams and ribs topped to city butchers at 12.50 but most of the choice 170-230-pound, 19-19.25; 240-260 pounds, 18.50; over 300 pounds, 17.50-18.50; over 300 pound scarce and from 17.50 mark. Lightweights 120-140-pound, 16.25-17; 140-160 pounds, 17.25-18.25. Choice sows, 19.00 pounds, 17.50-18.25 with only odd head selling above the 16.25 mark. Same grade 400-450 and 450-500

however, transcends the first in importance, because far more people know Gettysburg because of Lincoln's Gettysburg Address than because of the battle.

"Lincoln," Sheads said, "comes closest of any of the presidents to being a man of the people, and those who knew him best at Gettysburg were Judge David A. Wills, lawyer and educator, and John Burns, cobbler and constable. It was David Wills who brought Lincoln here for the dedication of the cemetery. Edward Everett was the principal speaker, and the proposal to have Lincoln speak also was an after-thought."

Finished Address Here

"Lincoln was met at the railroad station on Carlisle street and escorted to Judge Wills' home on the 'dame road.' It was in his room at the Wills' house that he finished the last nine and a half lines of his address, the first 19 having been written in Washington. He read this completed draft to Secretary Seward at the Harper house, and then returned to the Wills' home.

"It is generally agreed that here he copied and made the second draft the following morning. David Wills, esquire, played an important part in Lincoln's visit and was more closely associated with him than any other Gettysburg resident.

"John Burns lives in history because of the tribute paid him by General Abner Doubleday, who commended him in official dispatches. Burns shouldered a musket and volunteered and fought with the Union soldiers. He was wounded three times. His name became known to Lincoln, who expressed a desire to see the hero of Gettysburg.

**Attended Services Here**

"Lincoln left the Wills' house in the afternoon of the 19th to attend

## Hear Testimony On Delaware Channel

Washington, Feb. 12 (AP)—A parade of Pennsylvania and New Jersey witnesses testified more than four hours before the Army Board of Engineers for Rivers and Harbors on the proposed deepening of the Delaware river channel from Philadelphia to near Trenton, N. J.

In general, the Pennsylvanians favored the 93 million dollar project. New Jersey spokesmen favored it but with important reservations. A few Jersey witnesses opposed it outright.

The hearing, before the army's top review group yesterday was on the recommendation of army district and division engineers that the channel be deepened from the present 25-to-28-foot depth to 40-to-42 feet. They recommended also that the channel be widened to 400 feet.

Object of the work, long urged by civil and industrial groups, is to make it possible for large tankers, ore boats and other deep-draft vessels to serve the new U. S. Steel plant and other industries being constructed or planned for the area.

## BIGLERVILLE'S 80 BROWNIES

(Continued from Page 1)

youngsters are fond of winter sports and begin to ski at the age of 3. Clothes are more or less like those worn by children in the States.

"There are few cars in Denmark," explained Miss Soerensen. "Every-one uses a bike—even the seventy-year-olds!" The Girl Scout uniform is green and the cap resembles the American Air Corps hat. The country is practically surrounded by water and two hours driving in any direction will take the driver to the sea. Before a Brownie can be promoted in Denmark, she must add two new Brownies to the group.

**Speak Foreign Language**

Both speakers gave the Brownies a sample of the Danish and Chinese languages. They also gave black-board demonstrations of the different ways in which to write the word "house." A new Brownie member, Hilga John, from Germany, wrote the word in German.

The meeting closed with Troop 36 singing Taps in German which was followed by all the Brownies singing it in English. The Friendship handshake was formed. Punch and Girl Scout cookies were served.

Decorations for the occasion consisted of posters depicting scenes from various countries and paper do is dressed in Brownie costume of each country. Jane Albee, member of Troop 36, brought foreign dolls to the assembly.

PTA MEETING  
ON WEDNESDAY

The monthly meeting of the Parent-Teachers association of St. Joseph's high school will be held Wednesday evening beginning at 7:00 o'clock. The meeting will be followed by a covered dish social marking the fifth anniversary of the organization. Committee for the social is Mr. and Mrs. Floyd C. Miller, Earle Gelwicks, Donald Stoner and Mrs. Charles Hemler.

Mrs. Glenn Polly and children, Fairfield, visited Friday with her mother, Mrs. Claudia Rosensteel.

A surprise birthday party was given Lewis J. Kelly at his home on Friday evening by his sister, Miss Alice Kelly. The celebrant received a number of gifts and refreshments were served to Mr. and Mrs. John F. Kelly, Mr. and Mrs. James J. Kelly, Mr. and Mrs. Cloyd Seis, Mrs. Ray Topper, Harry J. Kelly, Mrs. Marie Rosensteel and daughter, Barbara Ann.

## Personal Mention

David B. Martin celebrated his birthday anniversary on Thursday with a dinner at his home attended by his immediate family and Mrs. A. A. Martin.

Visitors at the home of Mrs. Ray Topper over the week-end were Charles B. Topper and Mr. and Mrs. Raymond Topper and son, Ray, all of Baltimore. Charles B. Topper, a former resident of Emmitsburg, left Sunday evening to spend several weeks with his son-in-law and daughter, Mr. and Mrs. Walter Benschoff, Chairman, Pa.

Miss Lillian Bowers, who resides at the home of Miss Elizabeth Neck, is out again after being confined to her home for a week due to illness.

## Plan GOP Banquet

Miss May Rowe, Reisterstown, Md., spent the week-end with her father, Mr. Frank Rowe.

Mrs. Joseph Sullivan spent several days in Baltimore during the last week visiting with her husband and Mr. and Mrs. Claude Sullivan.

Mrs. James Carter and son, Washington, visited for several days during the week with her aunts, the Misses Carrie and Elizabeth Rowe.

however, transcends the first importance, because far more people know Gettysburg because of Lincoln's Gettysburg Address than because of the battle.

"Lincoln," Sheads said, "comes closest of any of the presidents to being a man of the people, and those who knew him best at Gettysburg were Judge David A. Wills, lawyer and educator, and John Burns, cobbler and constable. It was David Wills who brought Lincoln here for the dedication of the cemetery. Edward Everett was the principal speaker, and the proposal to have Lincoln speak also was an after-thought.

## Finished Address Here

"Lincoln was met at the railroad station on Carlisle street and escorted to Judge Wills' home on the diamond." It was in his room at the Wills house that he finished the last nine and a half lines of his address, the first 19 having been written in Washington. He read this completed draft to Secretary Seward at the Harper house, and then returned to the Wills home.

"It is generally agreed that here he copied and made the second draft the following morning. David Wills, esquire, played an important part in Lincoln's visit and was more closely associated with him than any other Gettysburg resident.

"John Burns lives in history because of the tribute paid him by General Abner Doubleday, who commended him in official dispatches. Burns shouldered a musket and volunteered and fought with the Union soldiers. He was wounded three times. His name became known to Lincoln, who expressed a desire to see the hero of Gettysburg.

## Attended Services Here

"Lincoln left the Wills house in the afternoon of the 19th to attend

man of the Republican committee of Emmitsburg, has announced that the GOP club of Frederick county will have its annual Washington's birthday banquet this year at the Armory in Frederick on Saturday evening, February 23, at 6:30 o'clock. Joseph W. Martin, member of Congress from Massachusetts, will be the principal speaker. Tickets for this banquet may be obtained from Colonel Prailley, who is a director of this club.

a service in the Presbyterian church.

It was a rare sight to see the President of the United States walking arm in arm and sitting in the same pew in the church with John Burns. "Burns had fought in the War of 1812 and at the outbreak of the Civil war had volunteered. He had not been accepted because of his age. He went to Washington and got into the wagon service for a time. He fought with the Iron Brigade at Gettysburg."

Col. Sheads, on leave from his teaching duties at the high school, is on active duty and served with the 101st Airborne division at Camp Breckinridge, Ky. He is well known for his many radio talks on local history over WGET. He has recently been ordered to duty in Europe.

Among those at the dinner introduced by Chairman Baschore were, in addition to Senator Martin, whose address appears elsewhere in this edition were Senator Martin's secretary, George Bloom, who spoke briefly; Senator Donald P. McPherson, Jr., who introduced Senator Martin; and H. Earl Pitzer, Aspers, Adams county representative in the lower house of the General Assembly. Others introduced included State Committee member Frank J. Slonaker; Mrs. Ruth Orner, Bendersville, county vice chairman; General and Mrs. Arthur S. Nevins, who are residing in the General Dwight D. Eisenhower home near Gettysburg; George Baker, Abbottstown, chairman of the Republican Executive committee, and Mr. and Mrs. Chester Gross, York.

## Recites Gettysburg Address

The Gettysburg Address was given by Attorney Donald M. Swape. A high school male quartet composed of Sidney Shade, Samuel Scott, John Baschore and Rodney Felix, sang three numbers, "Stout-Hearted Men," "Street Urchin's Song," and a negro spiritual, "Climbing Up the Mountain."

Later in the program this quartet and ten high school girls presented these numbers: "Now Let Us Lift Up Our Youthful Voices"; "Gloria in Excelsis"; "Skip to My Lou"; "Home on the Range"; with John Baschore as soloist, and "Polly Wolly Doodle." The girls were Suzanne Schmidt, Anne Fortenbaugh, Jean Little, Betty Raymond, Shirley Geigley, Lorraine Felix, Nancy Sanders, Edith Bushman, Joyce Musselman and Betty Snyder.

The program closed with one verse of "The Battle Hymn of the Republic," and the benediction by Dr. Gresh.

## Hear Testimony On Delaware Channel

Washington, Feb. 12 (AP)—A parade of Pennsylvania and New Jersey witnesses testified more than four hours before the Army Board of Engineers for Rivers and Harbors on the proposed deepening of the Delaware river channel from Philadelphia to near Trenton, N. J.

In general, the Pennsylvanians favored the \$3 million dollar project. New Jersey spokesmen favored it but with important reservations. A few Jersey witnesses opposed it outright.

The hearing, before the army's top review group yesterday was on the recommendation of army district and division engineers that the channel be deepened from the present 25-to-28-foot depth to 40-to-42 feet. They recommended also that the channel be widened to 400 feet.

Object of the work, long urged by civic and industrial groups, is to make it possible for large tankers, ore boats and other deep-draft vessels to serve the new U. S. Steel plant and other industries being constructed or planned for the area.

## BIGLerville's 80 BROWNIES

(Continued from Page 1)

youngsters are fond of winter sports and begin to ski at the age of 3. Clothes are more or less like those worn by children in the States.

"There are few cats in Denmark," explained Miss Soerensen. "Everyone uses a bike—even the seventy-year-olds!" The Girl Scout uniform is green and the cap resembles the American Air Corps hat. The country is practically surrounded by water and two hours driving in any direction will take the driver to the sea. Before a Brownie can be promoted in Denmark, she must add two new Brownies to the group.

**Speak Foreign Language**  
Both speakers gave the Brownies a sample of the Danish and Chinese languages. They also gave blackboard demonstrations of the different ways in which to write the word "house." A new Brownie member, Hilga John, from Germany, wrote the word in German.

The meeting closed with Troop 36 singing Taps in German which was followed by all the Brownies singing it in English. The Friendship handshake was formed. Punch and Girl Scout cookies were served. Decorations for the occasion consisted of posters depicting scenes from various countries and paper dolls dressed in Brownie costume of each country. Jang Albee, member of Troop 36, brought foreign dolls to the assembly.

The next meeting of the club will be held at the home of Mrs. O. A. Nary with Mrs. Earl E. Carey serving as co-hostess. The program will be in charge of Mrs. Cyrus G. Bucher and Mrs. J. Henry Donaher.
